- A. The director is responsible for the enforcement and administration of this Article, including retention of records.
- B. Parking Notice of Violation, Issuing Officer, and Form.
1. The administrative adjudication process for a civil parking offense shall be initiated when the issuing officer issues a parking notice of violation and provides a copy, in accordance with this section, to the person alleged to have committed the civil parking offense.
 2. A parking notice of violation for a civil parking offense serves as and constitutes the citation or summons referred to in Chapter 682 of the Texas Transportation Code.
 3. A parking notice of violation shall be on a form prescribed by the director and shall include the following information:
 - a. the nature, date, time, and location of the alleged civil parking offense, and the meter number, if applicable;
 - b. the license plate number of the unlawfully parked vehicle, the vehicle identification number, the brake inspection tag number, or other identifying number, if available;
 - c. the make and model of the unlawfully parked vehicle;
 - d. the date, time, and location of the administrative adjudication hearing, which shall be within 30 calendar days of the issuance of the parking notice of violation; however, if the parking notice of violation is sent by mail, it is considered to have been issued on the date it was mailed;
 - e. a notification that the person charged with the civil parking offense has the right to an instanter hearing; and
 - f. a notification that failure to timely appear at any hearing under this Article shall be considered an admission of liability for the civil parking offense and will result in the assessment of a civil penalty.
 4. The original or any copy of a parking notice of violation is a record kept in the ordinary course of City business.

C. Issuing a Parking Notice of Violation; Presumption of Receipt.

1. A parking notice of violation may be provided personally to the owner of an unlawfully parked vehicle if the owner is present at the time that the parking notice of violation is issued. If the owner is not present, or cannot otherwise be provided with the parking notice of violation personally, it may be provided to the owner by affixing it to the unlawfully parked vehicle in a conspicuous place.
2. If a parking notice of violation cannot be provided to the owner personally or by affixing it to the unlawfully parked vehicle, the parking notice of violation may be provided to the owner by United States mail not later than the 30th calendar day after the date that the civil parking offense is alleged to have occurred, at the owner's last known address.
3. If the parking notice of violation is mailed to the owner and the parking notice of violation is returned "refused," "unclaimed," or "undeliverable," the owner still is considered to have been properly provided with the parking notice of violation.
4. An operator of a vehicle who is not the vehicle's registered owner, but who uses or operates the vehicle with the express or implied permission of the registered owner, shall be considered the registered owner's agent authorized to receive a parking notice of violation on behalf of the registered owner.
5. The original parking notice of violation must be signed by or bear the name or identification number, if applicable, of the issuing officer who shall affirm the truth of the facts set forth in the parking notice of violation.
6. The original and all copies of a parking notice of violation are prima facie evidence that the parking notice of violation was issued and that the parking notice of violation was provided to the owner in accordance with this section.

D. Liability of the Vehicle Owner and Operator.

1. Except as provided in this subsection, the registered owner and the operator of an unlawfully parked vehicle, when not the same person, shall both be liable for a civil parking offense.

2. The owner of a vehicle who is engaged in the business of renting or leasing vehicles under written rental or leasing agreements shall not be liable for a civil penalty for an unlawfully parked rented or leased vehicle if, within 30 calendar days after the parking notice of violation is provided in accordance with this Article, he provides to the City in an affidavit:
 - a. the name, address, and driver's license number, including the state of issuance, of the person in possession of the vehicle at the time of the civil parking offense; or
 - b. a true copy of the lease or rental agreement in effect at the time that the parking notice of violation was issued, showing the person who was in possession of the vehicle at the time of the civil parking offense.
 3. The owner of a vehicle who is the lessor of an unlawfully parked vehicle and who fails to comply with this subsection shall be treated as any other vehicle owner and shall be liable along with the vehicle operator for a civil parking offense.
- E. Answering a Parking Notice of Violation.
1. A person who has been issued a parking notice of violation shall answer the civil parking offense by the date shown on the parking notice of violation. An answer may be made by, either:
 - a. an admission of liability with payment of the applicable civil penalty;
 - b. payment of the applicable civil penalty, which constitutes an admission of liability; or
 - c. contesting liability in accordance with this Article.
 2. Payment of the civil penalty may be made in person or by mailing to the director the parking notice of violation accompanied by payment of the civil penalty in the amount shown on the parking notice of violation. Payment of the applicable civil penalty shall operate as a final disposition of the parking violation charge.

Section 11.04 Hearing Officers; Qualifications, Powers, Duties, and Functions

- A. Hearing officers shall be municipal court judges or appointed by the city manager to administratively adjudicate violations of ordinances described by this Article or in accordance with other provisions as amended or allowed by law.
- B. A hearing officer must meet all of the following qualifications:
 - 1. Be familiar with state and local laws regarding vehicle stopping, standing and parking offenses.
 - 2. Be a citizen of the United States.
- C. A hearing officer shall have the following powers, duties, and functions:
 - 1. To administer oaths.
 - 2. To accept admissions to, and to hear and determine contests of vehicle stopping, standing, and parking violations.
 - 3. To issue orders compelling the attendance of witnesses and the production of documents, which orders may be enforced by a municipal court.
 - 4. To make findings of liability or no liability to violations, and in the event of a liable finding, to assess administrative penalties, fees, and costs.
 - 5. To question witnesses and examine evidence offered.

Section 11.05 Administrative Adjudication Hearing and Appeal

- A. A person who has been issued a civil parking notice of violation under this Article may contest the imposition of the civil penalty as instructed on the notice of violation, or as otherwise directed by the court within 30 days of the date of issuance of the parking notice of violation.
- B. A person has the right to a hearing. A hearing is only available, upon request, in accordance with this section and as instructed on the notice of violation, or as otherwise directed by the court. Upon timely request in accordance with this section, a hearing shall be made available to a person at such convenient and reasonable hours, subject to the availability of the hearing officer.

- C. In all hearings for the adjudication of a civil parking offense under this Article, the issues must be proven by a preponderance of the evidence. All hearings under this Article shall be held before a hearing officer. The formal rules of evidence do not apply to hearings under this Article.
- D. At the conclusion of a hearing, the hearing officer shall render an order that:
1. the person is liable for the civil parking offense and shall pay the applicable civil penalty, fees and costs; or
 2. the person is not liable for the civil parking offense.
- E. A finding of liability for a civil parking offense must specify the amount of the civil penalty for which the person is liable, as well as any applicable fees and costs. If the hearing officer enters an order that the person is not liable, a civil penalty for the violation may not be imposed against the person.
- F. The hearing officer's order shall be filed with the court or the director.
- G. Presumptions. In the adjudication process of a civil parking offense and at any hearing under this Article, including an appeal hearing:
1. it is a presumption that the registered owner of the unlawfully parked vehicle is the person who parked, stopped, or left standing the vehicle at the time and place of the civil parking offense;
 2. the computer-generated record of the registered vehicle owner of the Texas Department of Transportation or analogous department or agency, if the vehicle is registered in another state or country, is prima facie evidence of the contents of the record; and
 3. the information recorded on the original or any copy of a parking notice of violation is prima facie evidence of the facts it contains, including but not limited to the alleged civil parking offense, the location of the offense, and the vehicle description.
- H. Presence of Issuing Officer. The issuing officer is not required to be present at any hearing under this Article, including an appeal hearing, unless ordered to attend by the hearing officer or the municipal court. The municipal court may

enforce an order of the hearing officer compelling the attendance of a witness or the production of a document.

- I. Failure to Contest Liability or Appear at a Hearing.
1. Failure to answer a civil parking offense or contest liability within 30 calendar days after the date of issuance of the parking notice of violation or failure to appear at any hearing, including an appeal hearing, constitutes an admission of liability to the civil parking offense and waiver of the person's right to appeal the imposition of the civil penalty.
 2. When a person is found liable under this section, the hearing officer, or the municipal court shall issue an order of liability and assess the appropriate civil penalty against the person charged with the civil parking offense.
 3. Within 30 calendar days after an order of liability is issued under this section, the director shall notify the person found liable of the order. The notification shall be made in writing and mailed or otherwise provided to the person and shall include a statement of the amount of the civil penalty, fees, and costs assessed, and the date when payment is due.
- J. A person found liable for a civil parking offense shall pay the civil penalty, fees, and costs within 30 calendar days of the date that the order of liability is issued or, if the order or payment invoice is mailed to the person, within 30 calendar days of the date that the order or invoice is mailed.
- K. Affirmative Defenses. It shall be an affirmative defense to liability for a civil parking offense under this Article, to be proven by a preponderance of the evidence, that the unlawfully parked vehicle was:
1. reported to a police department as having been stolen prior to the time of the offense and had not yet been recovered;
 2. owned or operated by a law enforcement agency and was parked, stopped, or left standing by a sworn law enforcement officer while responding to an emergency situation in the performance of official duties;
 3. being operated as an authorized emergency vehicle under Chapter 546 of the Texas Transportation Code and the operator was acting in compliance with that chapter; or

TRAFFIC
11.05

4. owned by a government entity and the vehicle was parked, stopped, or left standing by a lawfully authorized representative of a government entity.

L. Appeal

1. A person found liable for a civil parking offense by a hearing officer at an administrative adjudication hearing may appeal the determination to the municipal court. If the initial hearing officer was a municipal court judge, then the appeal is to the municipal court chief judge or his designee.
2. To perfect an appeal, the person shall not later than the 31st calendar day after the hearing officer's order is issued:
 - a. file a written appeal request in municipal court;
 - b. post a cash deposit or bond acceptable to the City in the amount of the penalties, fees, and costs assessed at the hearing; and
 - c. pay an appeal fee.
3. Failure to timely perfect an appeal under this section constitutes an admission of liability to the civil parking offense and shall result in the assessment of a civil penalty, fees, and costs. A perfected appeal stays enforcement and collection of the civil penalty, fees, and costs imposed against the person.
4. Upon receipt of an appeal petition, the municipal court shall schedule an appeal hearing and notify the person and the City Attorney's Office of the date, time, and location of the appeal hearing.
5. An appeal hearing is an administrative hearing before a municipal court judge without the right to a jury. An appeal hearing is a civil proceeding for the purpose of affirming or reversing the hearing officer's order, and shall be considered de novo.
6. At the conclusion of an appeal hearing, the municipal court judge shall render an order, either:
 - a. affirming the hearing officer's decision that the person is liable for the civil parking offense and must pay the civil penalty, fees, and costs assessed; or

- b. reversing the hearing officer's decision and finding that the person is not liable for the civil parking offense.
7. At the appeal hearing, upon an order by the municipal judge of:
- a. Liable, affirming the administrative order of the hearing officer, the cash deposit or bond shall be applied and forfeited; or
 - b. Not Liable, reversing the administrative order of the hearing officer, the cash deposit or bond shall be refunded to the person, but under no circumstances shall the appeal fee be refunded.
8. The municipal judge's ruling is a final judgment. If the municipal judge affirms the hearing officer's order, any administrative penalties, fees, or costs assessed must be paid within 30 calendar days after the municipal judge's ruling. If the municipal judge reverses the hearing officer's order, any administrative penalties, fees, or costs originally assessed are discharged.

M. Increasing Penalties for Subsequent Offenses

- 1. Upon a finding of Liable for an offense at an administrative adjudication hearing or an appeal hearing under this Article, the municipal judge or hearing officer may:
 - a. Assess a penalty in an amount that is two times more than the penalty that would otherwise be assessed, not to exceed the maximum allowed by law, exclusive of costs and fees, if the person has been previously found liable one time for the same offense.
 - b. Assess a penalty in an amount that is three times more than the penalty that would otherwise be assessed, not to exceed the maximum allowed by law, exclusive of costs and fees, if the person has been previously found liable two or more times for the same offense.
- 2. If the municipal judge increases the penalty at an appeal hearing under this Section, the cash deposit or bond shall be forfeited and the person shall pay the additional penalty assessed within 30 calendar days after the municipal judge's ruling.

- N. If a person does not timely pay the applicable penalties, fees, and costs ordered to be paid by a municipal judge or hearing officer under this Section, a late payment fee shall be assessed.

Section 11.06 Effect of Liability; Exclusion of Civil Remedy; Enforcement

- A. The imposition of a civil penalty under this Article is not a criminal conviction and may not be considered a conviction for any purpose.
- B. A civil penalty may not be imposed upon a person for a civil parking offense under this Article if the person was arrested or was issued a criminal citation and notice to appear by a peace officer for a violation of state law or city ordinance, for the same specific incidence as the civil parking offense.
- C. Civil penalties, fees, and costs imposed under this Article may be enforced by any or all of the following actions:
1. impounding the unlawfully parked vehicle if the offender has committed three or more vehicle parking or stopping offenses in a calendar year;
 2. placing a device on the unlawfully parked vehicle that prohibits movement of the vehicle;
 3. imposing an additional fine if the original civil penalty is not paid within a specified time;
 4. denying issuance of or revoking a parking or operating permit, as applicable; or
 5. filing an action, brought in the name of the City, to collect the civil penalty in a court of competent jurisdiction in Tarrant County.
 6. If the civil penalties, fees, and costs assessed in the final judgment are not paid within 31 calendar days after the date of the hearing officer's order, the civil penalties, fees, and costs may be referred to a collection agency and the cost to the city for the collection services will be assessed as costs, at the rate agreed to between the city and the collection agency, and added to the judgment or as otherwise allowed by law. ARTICLE XII

ENTERTAINMENT DISTRICT NO PARKING ZONES

Section 12.01 Purpose; General Authority and Duty of Director

- A. The purpose of this Article is to promote the health, safety, and welfare of the residents of the Entertainment District of the City of Arlington by addressing the problems that arise where residential streets are used for the parking of vehicles by persons attending entertainment and commercial establishments, but who do not reside in the neighborhood. The establishment of Entertainment District No Parking Zones would reduce these problems, which include, but are not limited to, hazardous traffic conditions, air and noise pollution, litter, and inability of the residents of the Entertainment District to obtain easy access to and from their residences.
- B. The Director shall implement and enforce this Article and may establish such rules or regulations, consistent with this Article, as the Director determines are necessary to discharge any duty under or to effect the policy of this Article.

Section 12.02 Designation of Entertainment District No Parking Zones; Modification and Elimination of Zones

- A. The Director may, from time to time, designate a number of Entertainment District No Parking Zones on residential streets within the Entertainment District as the Director determines necessary to provide for the parking needs of the residents of the Entertainment District. The Director shall conspicuously post signs within each zone indicating when on-street stopping, standing, and parking is prohibited. An Entertainment District No Parking Zone becomes effective after the signs are in place in the zone. When signs are displayed, on-street stopping, standing, and parking is prohibited within the Entertainment District No Parking Zone.
- B. The Director may modify any Entertainment District No Parking Zone to address the parking needs of residents within the zone. The Director may eliminate any Entertainment District No Parking Zone upon a determination that the zone is no longer needed.

Section 12.03 Offenses

- A. A person commits an offense if the person stops, stands, or parks a vehicle on the street in an Entertainment District No Parking Zone when signs are displayed indicating that on-street stopping, standing, and parking is prohibited.
- B. It is an affirmative defense to prosecution under Subsection (A) that the person was:
 - 1. temporarily loading or unloading passengers or property;
 - 2. providing a maintenance, repair, delivery, or lawn service to a residence located within the Entertainment District No Parking Zone;
 - 3. performing official duties as a law enforcement officer, a government employee or contractor, or a utility company employee or contractor; or
 - 4. operating an authorized emergency vehicle in the performance of official duties.

(Amend Ord 18-010, 2/13/18)

Additionally, the following terms and phrases have the following meanings in this section:

"Parking space designated specifically for the disabled" - Any parking space which has markings or a sign which gives notice to a reasonable person that the parking space is reserved or meant for the use of vehicles transporting permanently or temporarily disabled persons or handicapped persons regardless of whether the means of designating the parking space comply with this chapter, or with state or federal law. A disabled parking space includes striped or otherwise designated space adjacent to the actual parking area which is intended for use as an access aisle.

"Off-street parking area" - Any area not in a street that is designated for parking and that is located on the same lot or parcel of land as, or is within three hundred feet (300') of the facility it serves.

- B. It is unlawful for any person to:

 2. Park, stand or stop a vehicle that displays a disabled marker so that any portion of the space specifically designated for vehicle transporting disabled persons if the person is neither temporarily nor permanently disabled nor is transporting a temporarily or permanently disabled person.
 3. Park, stand or stop any motor vehicle not displaying a disabled marker so as to obstruct any inclined ramp which has been signed, striped, posted or in any other way designated so that a person of ordinary intelligence would know that it has been designed or designated as a ramp used by or for the benefit of disabled persons.
- C. The owner or operator of each off-street parking area shall designate each parking space reserved for the exclusive use of vehicles transporting disabled persons with a sign permanently mounted on a sign post directly in front of the parking space or affixed to a wall in front of the parking space that is within six feet (6') of the front line of the parking space. When the parking space is a parallel parking space, the aboveground sign may be mounted on a sign post or wall adjacent to the parking space. The signs shall be at least twelve inches (12") wide and eighteen inches (18") high. The bottom edge of each sign shall be no closer than five feet (5') from the surface of the parking space. The sign shall display at least the international symbol of access (a profile view of an occupied wheelchair) and wording to indicate the space is reserved for the disabled. It is the duty of the

owner or operator of an off-street parking area to erect and maintain signs as required by this section. An owner or operator of an off-street parking area commits an offense by failing to erect or maintain disabled parking signs as required by this section.

- D. Ordinance No. 06-074

An ordinance providing for the implementation of an automated red light enforcement program in the City of Arlington through the amendment of the "Traffic and Motor Vehicles" Chapter of the Code of the City of Arlington, Texas, by the addition of Article IX, titled Automated Red Light Enforcement; imposing a civil penalty; providing this ordinance be cumulative; providing for severability; providing for governmental immunity; providing for injunctions; providing for publication and becoming effective ten days after first publication

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ARLINGTON, TEXAS:

1.

That the "**Traffic and Motor Vehicles**" Chapter of the Code of the City of Arlington, Texas, 1987, is hereby amended by the addition of Article IX, Automated Red Light Enforcement, so that said article shall be and read as follows:

ARTICLE IX

AUTOMATED RED LIGHT ENFORCEMENT

Section 9.01 Definitions

In this article:

"**Department**" shall mean the Police Department of the City of Arlington, Texas.

"**Intersection**" shall mean the place or area where two (2) or more streets intersect.

"**Owner**" shall mean the owner of a motor vehicle as shown on the motor vehicle registration records of the Texas

Department of Transportation or the analogous department or agency of another state or country. The term "owner" includes (i) a lessee of a motor vehicle under a lease of six (6) months or more or (ii) the lessee of a motor vehicle rented or leased from a motor vehicle rental or leasing company, but does not include the motor vehicle rental or leasing company itself.

"Photographic traffic monitoring system" shall mean a system that: (1) consists of a camera and vehicle sensor installed to work in conjunction with an electrically operated traffic control signal; and (2) is capable of producing at least two (2) recorded images that depict the license plate attached to the rear of a motor vehicle that is not operated in compliance with the instructions of the traffic control signal.

"Recorded image" shall mean an image recorded by a photographic traffic monitoring system that depicts the rear of a motor vehicle and is automatically recorded on a photograph or digital image.

"System location" shall mean the approach to an intersection toward which a photographic traffic monitoring system is directed and in operation.

"Traffic control signal" shall mean a traffic control device that displays alternating red, amber and green lights that directs traffic when to stop at or proceed through an intersection.

Section 9.02 Imposition of Civil Penalty for Creating Dangerous Intersections

- A. The City Council finds and determines that a vehicle that proceeds into an intersection when the traffic control signal for that vehicle's direction of travel is emitting a steady red signal damages the public by endangering vehicle operators and pedestrians alike, by decreasing the efficiency of traffic control and traffic flow efforts, and by increasing the number of serious accidents to which public safety agencies must respond at the expense of the taxpayers.
- B. The owner of a motor vehicle is liable for a civil penalty if the vehicle proceeds into an intersection at a system location when the traffic control signal for

that vehicle's direction of travel is emitting a steady red signal.

- C. The civil penalty for which the owner is liable is seventy-five dollars (\$75.00), provided that for a third or subsequent offense in any 12-month period, the amount of the penalty shall be two hundred dollars (\$200.00).
- D. An owner who fails to timely pay the civil penalty shall be subject to a late payment fee of twenty-five dollars (\$25.00).

Section 9.03 Enforcement; Procedures

- A. The Department is responsible for the enforcement and administration of this article.
- B. In order to impose a civil penalty under this article, the Department shall mail a notice of violation to the owner of the motor vehicle liable for the civil penalty not later than the 30th day after the date the violation is alleged to have occurred to:
 - 1. The owner's address as shown on the registration records of the Texas Department of Transportation; or
 - 2. If the vehicle is registered in another state or country, the owner's address as shown on the motor vehicle registration records of the department or agency of the other state or country analogous to the Texas Department of Transportation.
- C. A notice of violation issued under this article shall contain the following:
 - 1. A description of the violation alleged.
 - 2. The location of the intersection where the violation occurred.
 - 3. The date and time of the violation.
 - 4. The name and address of the owner of the vehicle involved in the violation.

5. The registration number displayed on the license plate of the vehicle involved in the violation.
6. A copy of a recorded image of the vehicle involved in the violation that depicts the registration number displayed on the license plate of that vehicle.
7. The amount of the civil penalty to be imposed for the violation.
8. The date by which the civil penalty must be paid.
9. A statement that a recorded image is evidence in a proceeding for the imposition of a civil penalty.
10. Information that informs the person named in the notice of violation:
 - a. of the person's right to contest the imposition of the civil penalty against the person in an administrative adjudication;
 - b. of the manner and time in which imposition of the civil penalty may be contested;
 - c. that failure to pay the civil penalty or to contest liability in a timely manner is an admission of liability and that failure to appear at an administrative adjudication hearing after having requested a hearing is an admission of liability; and
 - d. that failure to pay the civil penalty within the time allowed shall result in the imposition of a late-payment fee of twenty-five dollars (\$25.00).
11. A statement that, if at the time and place of the violation the vehicle was being operated by a person other than the owner, if the owner is a natural person, the owner may transfer liability for the violation to the person who was operating the vehicle at that time and place if the owner submits to the City by affidavit, on a form provided by the City, or under oath at an administrative adjudication hearing the name and current address of the person:

- a. operating the vehicle at the time and place of the violation;
 - b. who was the lessee of the vehicle at the time of the violation, if the vehicle was rented or leased from a person in the business of renting or leasing motor vehicles at that time; or
 - c. who was the subsequent owner of the motor vehicle, if ownership of the vehicle was transferred by the owner before the time of the violation.
- D. A notice of violation under this article is presumed to have been received on the fifth day after the date the notice of violation is mailed.
- E. In lieu of issuing a notice of violation, the Department may mail a warning notice to the owner.

Section 9.04 Administrative Adjudication Hearing

- A. A person who receives a notice of violation under this article may contest the imposition of the civil penalty by requesting in writing an administrative adjudication of the civil penalty within fifteen (15) calendar days after receipt of the notice of violation. Upon receipt of a timely request, the Department shall notify the person of the date and time of the hearing on the administrative adjudication. The administrative adjudication hearing shall be held before a hearing officer appointed by the Chief of Police.
- B. Failure to pay a civil penalty or to contest liability in a timely manner is an admission of liability in the full amount of the civil penalty stated in the notice of violation and constitutes a waiver of the right to appeal under Section 9.04(J).
- C. Failure to appear at an administrative adjudication hearing after having requested a hearing is an admission of liability for the full amount of the civil penalty stated in the notice of violation and constitutes a waiver of the right to appeal under Section 9.04(J).

- D. The civil penalty shall not be assessed if:
1. after a hearing, the hearing officer enters a finding of no liability; or
 2. within the time prescribed in the notice of violation, the person against whom the civil penalty is to be assessed submits the proof described in Section 9.03(C) (11).
- E. A person who is found liable after an administrative adjudication hearing or who requests an administrative adjudication hearing and thereafter fails to appear at the time and place of the hearing is liable for administrative hearing costs in the amount of fifty dollars (\$50.00) in addition to the amount of the civil penalty assessed for the violation. A person who is found liable for a civil penalty after an administrative adjudication hearing shall pay the civil penalty and costs within thirty (30) calendar days of the hearing.
- F. In an administrative adjudication hearing, the issues must be proved at the hearing by a preponderance of the evidence. The reliability of the photographic traffic-control signal monitoring system used to produce the recorded image of the violation may be attested to in an administrative adjudication hearing by affidavit of an officer or employee of the City or the entity with which the City contracts to install or operate the system and who is responsible for inspecting and maintaining the system. An affidavit of an officer or employee of the City that alleges a violation based on an inspection of the pertinent recorded image, is admissible in a proceeding under this article, is evidence of the facts contained in the affidavit, and is prima facie evidence of the violation alleged in the notice of violation.
- G. It shall be an affirmative defense to liability under this article, to be proven by a preponderance of the evidence, that:
1. the traffic-control signal was not in proper position and sufficiently legible to an ordinarily observant person;

2. the operator of the motor vehicle was acting in compliance with the lawful order or direction of a police officer;
 3. the operator of the motor vehicle violated the instructions of the traffic-control signal so as to yield the right-of-way to an immediately approaching authorized emergency vehicle;
 4. the motor vehicle was being operated as an authorized emergency vehicle under Chapter 546 of the Texas Transportation Code and that the operator was acting in compliance with that chapter;
 5. the motor vehicle was a stolen vehicle and being operated by a person other than the owner of the vehicle without the effective consent of the owner;
 6. the license plate depicted in the recorded image of the violation was a stolen plate and being displayed on a motor vehicle other than the motor vehicle for which the plate had been issued;
 7. the owner of the vehicle is a natural person, the vehicle was being operated by a person other than the owner of the vehicle, and the owner submits to the City by affidavit, on a form provided by the City, or under oath at an administrative adjudication hearing the name and current address of the person operating the vehicle at the time and place of the violation; or
 8. the presence of ice, snow, unusual amounts of rain or other unusually hazardous road conditions existed that would make compliance with this article more dangerous under the circumstances than non-compliance.
- H. To demonstrate that at the time of the violation the motor vehicle was a stolen vehicle or the license plate displayed on the motor vehicle was a stolen plate, the owner must submit proof acceptable to the hearing officer that the theft of the vehicle or license plate had been timely reported to the appropriate law enforcement agency.

- I. Notwithstanding anything in this article to the contrary, a person who fails to pay the amount of a civil penalty or to contest liability in a timely manner is entitled to an administrative adjudication hearing on the violation if:
1. the person files an affidavit with the hearing officer stating the date on which the person received the notice of violation that was mailed to the person; and
 2. within the same period required by Section 9.03(C)(10)(b) for a hearing to be timely requested but measured from the date the mailed notice was received as stated in the affidavit filed under Subsection (1), the person requests an administrative adjudication hearing.
- J. A person who is found liable after an administrative adjudication hearing may appeal that finding of liability to the Municipal Court by filing a notice of appeal with the clerk of the Municipal Court. The notice of appeal must be filed not later than the 31st day after the date on which the administrative adjudication hearing officer entered the finding of liability and shall be accompanied by the payment of an appellate filing fee of twenty five dollars (\$25.00). Unless the person, on or before the filing of the notice of appeal, posts a bond in the amount of the civil penalty and any late fees, an appeal does not stay the enforcement of the civil penalty. An appeal shall be determined by the Municipal Court by trial de novo. The trial de novo is an administrative hearing before a Municipal Court judge without a right to a jury trial. Unless a valid objection is made the affidavits submitted under Section 9.04(F) shall be admitted by the municipal judge in the trial de novo, and the issues must be proved by the City by a preponderance of the evidence.

Section 9.05 Effect of Liability; Exclusion of Civil Remedy; Enforcement

- A. The imposition of a civil penalty under this article is not a conviction and may not be considered a conviction for any purpose.

- B. The Department may not impose a civil penalty under this article on the owner of a motor vehicle if the operator of the vehicle was arrested or was issued a citation and notice to appear by a peace officer for a violation of Section 544.007(d) of the Texas Transportation Code recorded by the traffic-control signal monitoring system.
- C. The City Attorney is authorized to file suit to enforce collection of a civil penalty imposed under this article.

2.

This ordinance shall be and is hereby declared to be cumulative of all other ordinances of the City of Arlington, and this ordinance shall not operate to repeal or affect any of such other ordinances except insofar as the provisions thereof might be inconsistent or in conflict with the provisions of this ordinance, in which event such conflicting provisions, if any, in such other ordinance or ordinances are hereby repealed.

3.

If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such holding shall not affect the validity of the remaining portions of this ordinance.

4.

All of the regulations provided in this ordinance are hereby declared to be governmental and for the health, safety and welfare of the general public. Any member of the City Council or any City official or employee charged with the enforcement of this ordinance, acting for the City of Arlington in the discharge of his/her duties, shall not thereby render himself/herself personally liable; and he/she is hereby relieved from all personal liability for any damage that might accrue to persons or property as a result of any act required or permitted in the discharge of his/her said duties.

5.

Any violation of this ordinance can be enjoined by a suit filed in the name of the City of Arlington in a court

of competent jurisdiction, and this remedy shall be in addition to any penal provision in this ordinance or in the Code of the City of Arlington.

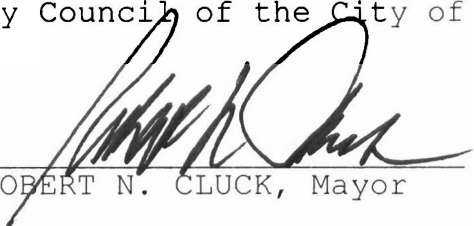

6.

The caption and penalty clause of this ordinance shall be published in a newspaper of general circulation in the City of Arlington, in compliance with the provisions of Article VII, Section 15, of the City Charter. Further, this ordinance may be published in pamphlet form and shall be admissible in such form in any court, as provided by law.

7.

This ordinance shall become effective ten days after first publication as described above.

PRESENTED AND GIVEN FIRST READING on the 25th day of July, 2006, at a regular meeting of the City Council of the City of Arlington, Texas; and GIVEN SECOND READING, passed and approved on the 8th day of August, 2006, by a vote of 9 ayes and 0 nays at a regular meeting of the City Council of the City of Arlington, Texas.

renting or leasing motor vehicles at that time; or

- c. who was the subsequent owner of the motor vehicle, if ownership of the vehicle was transferred by the owner before the time of the violation.

Further, Article IX, **Section 9.04**, Administrative Adjudication Hearing, is hereby amended so that said section shall be and read as follows:

Section 9.04 Administrative Adjudication Hearing

- A. A person who receives a notice of violation under this article may contest the imposition of the civil penalty by filing a written request for an administrative adjudication hearing. The request for a hearing must be filed on or before the date specified in the notice of violation, which may not be earlier than the 30th day after the notice of violation was mailed. Upon receipt of a timely request, the Department shall notify the person of the date and time of the hearing, which will be within 30 calendar days after the date the request is received.
- B. In an administrative adjudication hearing, the issues must be proven by a preponderance of the evidence. The administrative adjudication hearing shall be held before a hearing officer appointed by City Council.
- C. The reliability of the photographic traffic signal enforcement system used to produce the recorded image of the motor vehicle involved in the violation may be attested to by affidavit of an officer or employee of the City.
- D. An affidavit of an officer or employee of the City or entity that alleges a violation based on inspection of the applicable recorded image is:
 - 1. admissible in the administrative adjudication hearing and in appeal under Section 9.04(N); and
 - 2. evidence of the facts contained in the affidavit.
- E. At the conclusion of the administrative adjudication hearing, the hearing officer shall enter a finding of liability or of no liability for the civil penalty.

The finding must be in writing and be signed and dated by the hearing officer.

- F. A finding of liability for a civil penalty must specify the amount of the civil penalty for which the person is liable. If the hearing officer enters a finding of no liability, a civil penalty for the violation may not be imposed against the person.
- G. Failure to pay a civil penalty or to contest liability in a timely manner is an admission of liability for the full amount of the civil penalty stated in the notice of violation and constitutes a waiver of the right to appeal under Section 9.04(N).
- H. Failure to appear at an administrative adjudication hearing after having requested a hearing is an admission of liability for the full amount of the civil penalty stated in the notice of violation and constitutes a waiver of the right to appeal under Section 9.04(N).
- I. The civil penalty shall not be assessed if:
 - 1. after a hearing, the hearing officer enters a finding of no liability; or
 - 2. within the time prescribed in the notice of violation, the person against whom the civil penalty is to be assessed submits the proof described in Section 9.03(C)(12).
- J. A person who is found liable for a civil penalty after an administrative adjudication hearing shall pay the civil penalty and costs within thirty (30) calendar days of the hearing.
- K. It shall be an affirmative defense to liability under this article, to be proven by a preponderance of the evidence, that:
 - 1. the traffic-control signal was not in proper position and sufficiently legible to an ordinarily observant person;
 - 2. the operator of the motor vehicle was acting in compliance with the lawful order or direction of a police officer;

3. the operator of the motor vehicle violated the instructions of the traffic-control signal so as to yield the right-of-way to an immediately approaching authorized emergency vehicle;
 4. the motor vehicle was being operated as an authorized emergency vehicle under Chapter 546 of the Texas Transportation Code and that the operator was acting in compliance with that chapter;
 5. the motor vehicle was a stolen vehicle and being operated by a person other than the owner of the vehicle without the effective consent of the owner;
 6. the license plate depicted in the recorded image of the violation was a stolen plate and being displayed on a motor vehicle other than the motor vehicle for which the plate had been issued;
 7. the owner of the vehicle is a natural person, the vehicle was being operated by a person other than the owner of the vehicle, and the owner submits to the City by affidavit, on a form provided by the City, or under oath at an administrative adjudication hearing the name and current address of the person operating the vehicle at the time and place of the violation; or
 8. the presence of ice, snow, unusual amounts of rain or other unusually hazardous road conditions existed that would make compliance with this article more dangerous under the circumstances than non-compliance.
- L. To demonstrate that at the time of the violation the motor vehicle was a stolen vehicle or the license plate displayed on the motor vehicle was a stolen plate, the owner must submit proof acceptable to the hearing officer that the theft of the vehicle or license plate had been timely reported to the appropriate law enforcement agency.
- M. Notwithstanding anything in this article to the contrary, a person who fails to pay the amount of a civil penalty or to contest liability in a timely manner is entitled to an administrative adjudication hearing on the violation if:

1. the person files an affidavit with the hearing officer stating the date on which the person received the notice of violation that was mailed to the person; and
 2. within the same period required by Section 9.04(A) for a hearing to be timely requested but measured from the date the mailed notice was received as stated in the affidavit filed under Subsection (1), the person requests an administrative adjudication hearing.
- N. A person who is found liable after an administrative adjudication hearing may appeal that finding of liability to the Municipal Court by filing a petition of appeal with the clerk of the Municipal Court. The petition of appeal must be filed before the 31st day after the date on which the administrative adjudication hearing officer entered the finding of liability.
- O. An appeal stays enforcement and collection of the civil penalty imposed against the owner of the motor vehicle. The owner shall file a notarized statement of personal financial obligation to perfect the owner's appeal.
- P. An appeal shall be determined by the Municipal Court by trial de novo. The trial de novo is an administrative hearing before a Municipal Court judge without a right to a jury trial.

2.

This ordinance shall be and is hereby declared to be cumulative of all other ordinances of the City of Arlington, and this ordinance shall not operate to repeal or affect any of such other ordinances except insofar as the provisions thereof might be inconsistent or in conflict with the provisions of this ordinance, in which event such conflicting provisions, if any, in such other ordinance or ordinances are hereby repealed.

WHEREAS, the City Council believes that prohibiting the use of wireless communication devices to engage in any use of a mobile communication device besides dialing telephone numbers or talking to another person, with certain defenses, would further and protect the public health, safety, and welfare; NOW THEREFORE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ARLINGTON, TEXAS:

1.

That the "**Traffic and Motor Vehicles**" Chapter of the Code of the City of Arlington, Texas, 1987, is hereby amended through the amendment of **Article II, Operation of Vehicles in City**, by the addition of **Section 2.15**, so that the section shall be and read as follows:

This ordinance shall not apply to public safety personnel in the normal course and scope of performing their duties.
- C. It is an affirmative defense to prosecution of an offense under this section if a wireless communication device is used:
1. while the vehicle is stopped, out of the moving lanes of the roadway;
 2. strictly to engage in a telephone conversation, including dialing or deactivating the call;
 3. as a global positioning or navigation system that is affixed to the vehicle;
 4. to communicate with an emergency response operator, a fire department, a law enforcement agency, a hospital, a physician's office, or a health clinic regarding a medical or other emergency situation to prevent injury to a person or property;
 5. in the reasonable belief that a person's life or safety is in immediate danger; or

6. solely in a voice-activated or other hands-free mode.
- D. No citations will be issued for the first 30 days following the effective date of this Ordinance so that an educational effort by the City may be conducted to inform the public about the importance and requirements of this new Ordinance. Thereafter, a person convicted of an offense under this section shall be punished by a fine of up to \$200.
 - E. An offense under this section is not a moving violation and may not be made a part of a person's driving record or insurance record.

2.

Any person, firm, corporation, agent or employee thereof who violates any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be fined an amount not to exceed Two Hundred and No/100 Dollars (\$200) for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

3.

This ordinance shall be and is hereby declared to be cumulative of all other ordinances of the City of Arlington, and this ordinance shall not operate to repeal or affect any of such other ordinances except insofar as the provisions thereof might be inconsistent or in conflict with the provisions of this ordinance, in which event such conflicting provisions, if any, in such other ordinance or ordinances are hereby repealed.

4.

If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such holding shall not affect the validity of the remaining portions of this ordinance.

5.

All of the regulations provided in this ordinance are hereby declared to be governmental and for the health, safety and welfare of the general public.  - D. Separate Offense. Each day that a vehicle is unlawfully parked shall constitute a separate civil parking offense.

Section 11.03 Enforcement; Procedures; Parking Notice of Violation

- A. The director is responsible for the enforcement and administration of this Article, including retention of records.
- B. Parking Notice of Violation, Issuing Officer, and Form.

1. The administrative adjudication process for a civil parking offense shall be initiated when the issuing officer issues a parking notice of violation and provides a copy, in accordance with this section, to the person alleged to have committed the civil parking offense.
2. A parking notice of violation for a civil parking offense serves as and constitutes the citation or summons referred to in Chapter 682 of the Texas Transportation Code.

 - a. the nature, date, time, and location of the alleged civil parking offense, and the meter number, if applicable;
 - b. the license plate number of the unlawfully parked vehicle, the vehicle identification number, the brake inspection tag number, or other identifying number, if available;
 - c. the make and model of the unlawfully parked vehicle;
 - d. the date, time, and location of the administrative adjudication hearing, which shall be within 30 calendar days of the issuance of the parking notice of violation; however, if the parking notice of violation is sent by mail, it is considered to have been issued on the date it was mailed;
 - e. a notification that the person charged with the civil parking offense has the right to an instant hearing; and
 - f. a notification that failure to timely appear at any hearing under this Article shall be considered an admission of liability for the civil parking offense and will result in the assessment of a civil penalty.
4. The original or any copy of a parking notice of violation is a record kept in the ordinary course of City business.

C. Issuing a Parking Notice of Violation; Presumption of Receipt.

1. A parking notice of violation may be provided personally to the owner of an unlawfully parked vehicle if the owner is present at the time that the parking notice of violation is issued. If the owner is not present, or cannot otherwise be provided with the parking notice of violation personally, it may be provided to the owner by affixing it to the unlawfully parked vehicle in a conspicuous place.
2. If a parking notice of violation cannot be provided to the owner personally or by affixing it to the unlawfully parked vehicle, the parking notice of violation may be provided to the owner by United States mail not later

than the 30th calendar day after the date that the civil parking offense is alleged to have occurred, at the owner's last known address.

3. If the parking notice of violation is mailed to the owner and the parking notice of violation is returned "refused," "unclaimed," or "undeliverable," the owner still is considered to have been properly provided with the parking notice of violation.
4. An operator of a vehicle who is not the vehicle's registered owner, but who uses or operates the vehicle with the express or implied permission of the registered owner, shall be considered the registered owner's agent authorized to receive a parking notice of violation on behalf of the registered owner.
5. The original parking notice of violation must be signed by or bear the name or identification number, if applicable, of the issuing officer who shall affirm the truth of the facts set forth in the parking notice of violation.
6. The original and all copies of a parking notice of violation are prima facie evidence that the parking notice of violation was issued and that the parking notice of violation was provided to the owner in accordance with this section.

D. Liability of the Vehicle Owner and Operator.

1. Except as provided in this subsection, the registered owner and the operator of an unlawfully parked vehicle, when not the same person, shall both be liable for a civil parking offense.
2. The owner of a vehicle who is engaged in the business of renting or leasing vehicles under written rental or leasing agreements shall not be liable for a civil penalty for an unlawfully parked rented or leased vehicle if, within 30 calendar days after the parking notice of violation is provided in accordance with this Article, he provides to the City in an affidavit:
 - a. the name, address, and driver's license number, including the state of issuance, of the person in possession of the vehicle at the time of the civil parking offense; or
 - b. a true copy of the lease or rental agreement in effect at the time that the parking notice of violation was issued, showing the person who was in possession of the vehicle at the time of the civil parking offense.
3. The owner of a vehicle who is the lessor of an unlawfully parked vehicle and who fails to comply with this subsection shall be treated as any other vehicle owner and shall be liable along with the vehicle operator for a civil parking offense.

E. Answering a Parking Notice of Violation.

1. A person who has been issued a parking notice of violation shall answer the civil parking offense by the date shown on the parking notice of violation. An answer may be made by, either:
 - a. an admission of liability with payment of the applicable civil penalty;
 - b. payment of the applicable civil penalty, which constitutes an admission of liability; or
 - c. contesting liability in accordance with this Article.
2. Payment of the civil penalty may be made in person or by mailing to the director the parking notice of violation accompanied by payment of the civil penalty in the amount shown on the parking notice of violation. Payment of the applicable civil penalty shall operate as a final disposition of the parking violation charge.

Section 11.04 Hearing Officers; Qualifications, Powers, Duties, and Functions

- A. Hearing officers shall be municipal court judges or appointed by the city manager to administratively adjudicate violations of ordinances described by this Article or in accordance with other provisions as amended or allowed by law.
- B. A hearing officer must meet all of the following qualifications:
 1. Be familiar with state and local laws regarding vehicle stopping, standing and parking offenses.
 2. Be a citizen of the United States.
- C. A hearing officer shall have the following powers, duties, and functions:
 1. To administer oaths.
 2. To accept admissions to, and to hear and determine contests of vehicle stopping, standing, and parking violations.
 3. To issue orders compelling the attendance of witnesses and the production of documents, which orders may be enforced by a municipal court.
 4. To make findings of liability or no liability to violations, and in the event of a liable finding, to assess administrative penalties, fees, and costs.
 5. To question witnesses and examine evidence offered.

Section 11.05 Administrative Adjudication Hearing and Appeal

- A. A person who has been issued a civil parking notice of violation under this Article may contest the imposition of the civil penalty as instructed on the notice of violation, or as otherwise directed by the court within 30 days of the date of issuance of the parking notice of violation.
- B. A person has the right to a hearing. A hearing is only available, upon request, in accordance with this section and as instructed on the notice of violation, or as otherwise directed by the court. Upon timely request in accordance with this section, a hearing shall be made available to a person at such convenient and reasonable hours, subject to the availability of the hearing officer.
- C. In all hearings for the adjudication of a civil parking offense under this Article, the issues must be proven by a preponderance of the evidence. All hearings under this Article shall be held before a hearing officer. The formal rules of evidence do not apply to hearings under this Article.
- D. At the conclusion of a hearing, the hearing officer shall render an order that:
 - 1. the person is liable for the civil parking offense and shall pay the applicable civil penalty, fees and costs; or
 - 2. the person is not liable for the civil parking offense.
- E. A finding of liability for a civil parking offense must specify the amount of the civil penalty for which the person is liable, as well as any applicable fees and costs. If the hearing officer enters an order that the person is not liable, a civil penalty for the violation may not be imposed against the person.
- F. The hearing officer's order shall be filed with the court or the director.
- G. Presumptions. In the adjudication process of a civil parking offense and at any hearing under this Article, including an appeal hearing:
 - 1. it is a presumption that the registered owner of the unlawfully parked vehicle is the person who parked, stopped, or left standing the vehicle at the time and place of the civil parking offense;
 - 2. the computer-generated record of the registered vehicle owner of the Texas Department of Transportation or analogous department or agency, if the vehicle is registered in another state or country, is prima facie evidence of the contents of the record; and
 - 3. the information recorded on the original or any copy of a parking notice of violation is prima facie evidence of the facts it contains, including but not limited to the alleged civil parking offense, the location of the offense, and the vehicle description.

- H. Presence of Issuing Officer. The issuing officer is not required to be present at any hearing under this Article, including an appeal hearing, unless ordered to attend by the hearing officer or the municipal court. The municipal court may enforce an order of the hearing officer compelling the attendance of a witness or the production of a document.
- I. Failure to Contest Liability or Appear at a Hearing.
1. Failure to answer a civil parking offense or contest liability within 30 calendar days after the date of issuance of the parking notice of violation or failure to appear at any hearing, including an appeal hearing, constitutes an admission of liability to the civil parking offense and waiver of the person's right to appeal the imposition of the civil penalty.
 2. When a person is found liable under this section, the hearing officer, or the municipal court shall issue an order of liability and assess the appropriate civil penalty against the person charged with the civil parking offense.
 3. Within 30 calendar days after an order of liability is issued under this section, the director shall notify the person found liable of the order. The notification shall be made in writing and mailed or otherwise provided to the person and shall include a statement of the amount of the civil penalty, fees, and costs assessed, and the date when payment is due.
- J. A person found liable for a civil parking offense shall pay the civil penalty, fees, and costs within 30 calendar days of the date that the order of liability is issued or, if the order or payment invoice is mailed to the person, within 30 calendar days of the date that the order or invoice is mailed.
- K. Affirmative Defenses. It shall be an affirmative defense to liability for a civil parking offense under this Article, to be proven by a preponderance of the evidence, that the unlawfully parked vehicle was:
1. reported to a police department as having been stolen prior to the time of the offense and had not yet been recovered;
 2. owned or operated by a law enforcement agency and was parked, stopped, or left standing by a sworn law enforcement officer while responding to an emergency situation in the performance of official duties;
 3. being operated as an authorized emergency vehicle under Chapter 546 of the Texas Transportation Code and the operator was acting in compliance with that chapter; or
 4. owned by a government entity and the vehicle was parked, stopped, or left standing by a lawfully authorized representative of a government entity.

L. Appeal

1. A person found liable for a civil parking offense by a hearing officer at an administrative adjudication hearing may appeal the determination to the municipal court. If the initial hearing officer was a municipal court judge, then the appeal is to the municipal court chief judge or his designee.
2. To perfect an appeal, the person shall not later than the 31st calendar day after the hearing officer's order is issued:
 - a. file a written appeal request in municipal court;
 - b. post a cash deposit or bond acceptable to the City in the amount of the penalties, fees, and costs assessed at the hearing; and
 - c. pay an appeal fee.
3. Failure to timely perfect an appeal under this section constitutes an admission of liability to the civil parking offense and shall result in the assessment of a civil penalty, fees, and costs. A perfected appeal stays enforcement and collection of the civil penalty, fees, and costs imposed against the person.
4. Upon receipt of an appeal petition, the municipal court shall schedule an appeal hearing and notify the person and the City Attorney's Office of the date, time, and location of the appeal hearing.
5. An appeal hearing is an administrative hearing before a municipal court judge without the right to a jury. An appeal hearing is a civil proceeding for the purpose of affirming or reversing the hearing officer's order, and shall be considered de novo.
6. At the conclusion of an appeal hearing, the municipal court judge shall render an order, either:
 - a. affirming the hearing officer's decision that the person is liable for the civil parking offense and must pay the civil penalty, fees, and costs assessed; or
 - b. reversing the hearing officer's decision and finding that the person is not liable for the civil parking offense.
7. At the appeal hearing, upon an order by the municipal judge of:
 - a. Liable, affirming the administrative order of the hearing officer, the cash deposit or bond shall be applied and forfeited; or

- b. Not Liable, reversing the administrative order of the hearing officer, the cash deposit or bond shall be refunded to the person, but under no circumstances shall the appeal fee be refunded.
 - 8. The municipal judge's ruling is a final judgment. If the municipal judge affirms the hearing officer's order, any administrative penalties, fees, or costs assessed must be paid within 30 calendar days after the municipal judge's ruling. If the municipal judge reverses the hearing officer's order, any administrative penalties, fees, or costs originally assessed are discharged.
- M. Increasing Penalties for Subsequent Offenses
- 1. Upon a finding of Liable for an offense at an administrative adjudication hearing or an appeal hearing under this Article, the municipal judge or hearing officer may:
 - a. Assess a penalty in an amount that is two times more than the penalty that would otherwise be assessed, not to exceed the maximum allowed by law, exclusive of costs and fees, if the person has been previously found liable one time for the same offense.
 - b. Assess a penalty in an amount that is three times more than the penalty that would otherwise be assessed, not to exceed the maximum allowed by law, exclusive of costs and fees, if the person has been previously found liable two or more times for the same offense.
 - 2. If the municipal judge increases the penalty at an appeal hearing under this Section, the cash deposit or bond shall be forfeited and the person shall pay the additional penalty assessed within 30 calendar days after the municipal judge's ruling.
- N. If a person does not timely pay the applicable penalties, fees, and costs ordered to be paid by a municipal judge or hearing officer under this Section, a late payment fee shall be assessed.

Section 11.06 Effect of Liability; Exclusion of Civil Remedy; Enforcement

- A. The imposition of a civil penalty under this Article is not a criminal conviction and may not be considered a conviction for any purpose.
- B. A civil penalty may not be imposed upon a person for a civil parking offense under this Article if the person was arrested or was issued a criminal citation and notice to appear by a peace officer for a violation of state law or city ordinance, for the same specific incidence as the civil parking offense.

C. Civil penalties, fees, and costs imposed under this Article may be enforced by any or all of the following actions:

1. impounding the unlawfully parked vehicle if the offender has committed three or more vehicle parking or stopping offenses in a calendar year;
2. placing a device on the unlawfully parked vehicle that prohibits movement of the vehicle;
3. imposing an additional fine if the original civil penalty is not paid within a specified time;
4. denying issuance of or revoking a parking or operating permit, as applicable; or
5. filing an action, brought in the name of the City, to collect the civil penalty in a court of competent jurisdiction in Tarrant County.
6. If the civil penalties, fees, and costs assessed in the final judgment are not paid within 31 calendar days after the date of the hearing officer's order, the civil penalties, fees, and costs may be referred to a collection agency and the cost to the city for the collection services will be assessed as costs, at the rate agreed to between the city and the collection agency, and added to the judgment or as otherwise allowed by law.

2.

Any person, firm, corporation, agent or employee thereof who violates any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be fined an amount not to exceed Two Hundred and No/100 Dollars (\$200) for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

3.

This ordinance shall be and is hereby declared to be cumulative of all other ordinances of the City of Arlington, and this ordinance shall not operate to repeal or affect any of such other ordinances except insofar as the provisions thereof might be inconsistent or in conflict with the provisions of this ordinance, in which event such conflicting provisions, if any, in such other ordinance or ordinances are hereby repealed.

4.

If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such holding shall not affect the validity of the remaining portions of this ordinance.

5.

All of the regulations provided in this ordinance are hereby declared to be governmental and for the health, safety and welfare of the general public. Any member of the City Council or any City official or employee charged with the enforcement of this ordinance, acting for the City of Arlington in the discharge of his/her duties, shall not thereby render himself/herself personally liable; and he/she is hereby relieved from all personal liability for any damage that might accrue to persons or property as a result of any act required or permitted in the discharge of his/her said duties.

6.

Any violation of this ordinance can be enjoined by a suit filed in the name of the City of Arlington in a court of competent jurisdiction, and this remedy shall be in addition to any penal provision in this ordinance or in the Code of the City of Arlington.

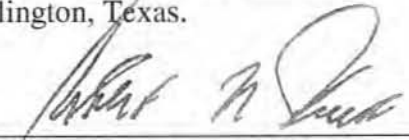

7.

The caption and penalty clause of this ordinance shall be published in a newspaper of general circulation in the City of Arlington, in compliance with the provisions of Article VII, Section 15, of the City Charter. - B. The Director shall implement and enforce this Article and may establish such rules or regulations, consistent with this Article, as the Director determines are necessary to discharge any duty under or to effect the policy of this Article.

Section 12.02 Designation of Entertainment District No Parking Zones; Modification and Elimination of Zones

The Director shall conspicuously post signs within each zone indicating when on-street stopping, standing, and parking

is prohibited. An Entertainment District No Parking Zone becomes effective after the signs are in place in the zone. When signs are displayed, on-street stopping, standing, and parking is prohibited within the Entertainment District No Parking Zone.

Each day that a violation is permitted to exist shall constitute a separate offense.

3.

4.

If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such holding shall not affect the validity of the remaining portions of this ordinance.

Any member of the City Council or any City official or employee charged with the enforcement of this ordinance, acting for the City of Arlington in the discharge of his/her duties, shall not thereby render himself/herself personally liable; and he/she is hereby relieved from all personal liability for any damage that might accrue to persons or property as a result of any act required or permitted in the discharge of his/her said duties.
