General Gas Fund FY 2018 Operating Position

The City has established three funds to receive revenues from natural gas operations that do not go to the Arlington Tomorrow Foundation (ATF). Now that the Foundation has reached its capped corpus amount of \$100 million, these three funds receive all lease bonus and royalty revenues associated with natural gas operations. The policies and procedures concerning expenditures by, and transfers to and from, the General Gas Fund 3095 are outlined below.

The General Gas Fund receives revenues that are not specifically designated for the Parks or Airport Gas Funds. Within this fund, a total of four accounting units are available from which expenditures may be authorized, including:

- 910102 - Neighborhood Grants, with an amount designated for expenditure
- 910105 - Redevelopment Initiatives
- 910106 - Land Banking, with an amount designated for expenditure
- 910107 - Arlington Home Improvement Incentive Program

Periodically, fiscal conditions may necessitate transfers from the General Gas Fund to the General Fund to offset revenue shortfalls or to cover one-time costs. All proposed interfund transfers involving gas funds will require approval by the City Manager's Officer prior to implementation.

Parks Gas Fund FY 2018 Operating Position

The City has established three funds to receive revenues from natural gas operations that do not go to the Arlington Tomorrow Foundation (ATF). Now that the Foundation has reached its capped corpus amount of \$100 million, these three funds receive all lease bonus and royalty revenues associated with natural gas operations. The policies and procedures concerning expenditures by, and transfers to and from, the Parks Gas Fund 3096 are outlined below.

The Parks Gas Fund receives natural gas revenues derived from drilling operations beneath the City's park land. Accounting unit 910201 is available to account for one-time expenditures from the fund, but resources may also be transferred to other funds to more appropriately track and account for expenditures. No expenditures that are in lieu of ongoing expenditures typically made from the Parks Department's operating budget may be incurred without prior approval from the City Manager's Office. Because the Parks Gas Fund is designated for specific purposes, expenditure amounts in the fund are not appropriated on an annual basis as they would be in the City's operating funds.

Periodically, fiscal conditions may necessitate transfers from the Parks Gas Fund to other funds to cover specific one-time costs. All proposed interfund transfers involving gas funds will require approval by the City Manager's Office prior to implementation.

In addition, transfers of gas revenues from the Parks Gas Fund cash account into various operational activity codes or other spending accounts may be requested by the Parks and Recreation Department in order to facilitate the encumbrance and disbursement of these resources. All requests for transfers of this type must be submitted in writing to the City's Chief Financial Officer, and may not proceed without his/her written approval.
