Each notice shall be in writing and shall point out each claimed insufficiency with particularity. In such event, the time limits of Section 43 shall start running as of the time that all of such insufficiencies are corrected. Nothing in this Section shall limit the right and duty of the City to reasonably require information in addition to that in a statement of intent, provided, however, any such requirement for additional information shall not affect the running of the time limits of Section 43.

- b. For each month of the quarter following the effective date of the Municipal Consent, a Provider shall pay an Access Line Fee which is based upon its number of Access Lines calculated as follows:

<u>Access Line Fee</u> <u>Calculation Amount</u>	<u>Monthly Amount Per</u> <u>Access Line From</u> <u>Effective Date</u> <u>through PUC</u> <u>Determination Date</u>
<b>TYPE (1) or (2):</b>

The City reserves the right to make reasonable adjustments to the Access Line Fee, with 180 days notice, but not to exceed ten percent (10%) in any one year, subject to the continuing effect of Texas Utilities Code, §§ 54.204 - 54.206

**Amounts appearing above are used to calculate the total compensation due the City and are not to be construed as the setting of a charge for end-users.**

(For purposes of this Section only, lines terminating at customers with "Lifeline," "Tel-Assistance," or other service that is required to be similarly discounted pursuant to state or federal law or regulation for the purpose of advancing universal service to the economically disadvantaged shall not be included in the lines upon which the fee is calculated, but Provider shall provide information on the number of such lines upon request by the City.)

2. Number of Access Lines. Subject to City's agreement not to disclose this information unless required by law, Provider will provide annually or as requested by the City, within a reasonable time

after receipt of the City's written request, a report certifying as to the number of Access Lines being maintained or operated by Provider that are serving premises within the City, as of the date used in calculating the payment. The report shall be used solely for the purposes of verifying the number of Provider's Access Lines serving premises within the City. Upon written request, Provider shall verify the information in the report and, upon reasonable advance notice, all non-customer specific records and other documents required for such verification shall be subject to inspection by the City expressly excluding any records, documents or other writings the disclosure of which is prohibited by state or federal law, including the Electronic Communications Privacy Act, 18 U.S.C. § 2701 *et seq.*

- B. Minimum Annual Fee. Notwithstanding any other provision in this Ordinance, for all new installations of Facilities placed in, on or under the Public Rights-of-Way from the Effective Date of the Municipal Consent, and for each calendar year period thereafter, the Provider shall pay the City a minimum annual fee ("Minimum Fee") of \$250.00, in the event the Access Line Fee paid in the preceding twelve (12) months does not exceed \$250.00, with a credit against such Minimum Fee for any Access Line Fees paid to the City in the preceding twelve (12) months.

Each Municipal Consent shall provide that the Minimum Fee of (B) above may be adjusted once every three (3) years by the City, but such adjustment shall not exceed \$100 in any one three (3) year period.

- C. Confidential Records. If the Provider notifies the City by a conspicuous written notation of the confidential nature of any information (including, but not limited to the information in paragraph (B) of this section), reports, documents, or writings, the City will maintain the confidentiality of the information, reports, documents, and writings to the extent permitted by law. Upon receipt by the City of requests for the Provider's confidential information, reports, documents, or writings, the City shall notify the Provider of the request in writing by facsimile transmission. The City shall furnish the Provider with copies of all requests for Attorney General opinions pertaining to the Provider's confidential information, reports, documents

or writings. The City shall request an Attorney General's Opinion before disclosing any confidential information, reports, documents or writings, and shall furnish the Provider with copies of Attorney General Opinion Requests as soon as practicable that it may pertain to the Provider's Confidential Information, reports, documents or writings.

- D. No other fees. The payments due hereunder shall be in lieu of any construction, building or other permit, approval, inspection, or other similar fees or charges, including, but not limited to, all general business permit fees customarily assessed by the City for the use of the Public Rights-of-Way against Persons operating businesses similar to that of a Provider. Further, such Access Line Fee shall constitute full compensation to the City for all Provider's Facilities located within the Public Rights-of-Way, including interoffice-transport and other Transmission Media that do not terminate at an end-user customer's network interface device, even though those types of lines are not used in the calculation of the Public Rights-of-Way fee. The compensation paid herein is not in lieu of any generally applicable ad valorem taxes, sales taxes or other generally applicable taxes, fees, development impact fees or charges, or other statutory charges or expenses recoverable under the Texas Public Utility Regulatory Act, or successor statutes.
- E. Uncollectibles. Any other provision of this agreement notwithstanding, Provider shall not be obligated to pay the City for any Access Lines or private line termination points the revenues for which remain uncollectible. Upon request, Provider shall provide a written report on the number of access lines for which revenues are uncollected, to include number of lines and number excluded, and a general description of the collection efforts.
- F. Payments by or Use of the Network by Other Telecommunications Carriers and Providers.
1. Direct Payment-Facilities Provided to Other Telecommunications Service Providers: To the extent allowed by applicable state and federal law, any Telecommunications Service Providers who purchase Unbundled Network Elements or other Facilities or services for the purpose of rebundling those Facilities and/or Services to create Telecommuni-

cations Service for sale to Persons within the City ("Rebundler"), must pay to the City the Access Line Fee that is calculated as of month-end by applying the appropriate Access Line Fee, as specified in Section 2.11 above, to each Access Line created by rebundling Telecommunications Service or Facilities. Direct payment further ensures that the Access Line Fee imposed herein can be applied on a non-discriminatory basis to all Telecommunications Service Providers that sell Telecommunications Service within the City. Other provisions of this Ordinance notwithstanding, the Provider shall not include in its monthly count of Access Lines any Facilities or services provided to other Telecommunications Service Providers for rebundling into Telecommunications Service, if the Telecommunications Service Provider who is rebundling those Facilities for resale has provided a signed statement to the Provider that the Telecommunications Service Provider is paying the Access Line Fees applicable to those rebundled services directly to the City. If Provider provides a copy of the signed statement to the City from the Rebundler which is acceptable to the City, then Provider is absolved of all responsibility for the Access Line Fees payable on the Services, Unbundled Network Facilities, and other Facilities rebundled for the creation of Telecommunications Service for sale within the City by each such Rebundler.

2. Indirect Payments - Public Rights-of-Way Fee Application to Use of Network by Others: With respect to any Person leasing, reselling, or otherwise using a Provider's Access Lines, if a Provider believes it does not have sufficient information to determine the appropriate rate to apply, then the higher Access Line Fee may be applied until such time as the Person using the Access Lines provides to the Provider sufficient written information to determine the correct Access Line Fee. If a Person provides sufficient written information for the application of the Access Line Fee, Provider may, at its discretion and not at the City's request, bill the Person on the basis of the information provided. Upon request, and to the extent allowed by law, Provider shall forward to the City a written report on a quarterly basis of the entities that have use of network elements for rebundling purposes. Provider shall provide to the

City any information regarding the locations to which it is providing service or Facilities for use by another Person for the provision of Telecommunications Service to end-user customers, so long as City first obtains written permission of such other Person for Provider to provide the information to the City. Any other provision of this Ordinance notwithstanding, however, a Provider shall not be liable for underpayment of Access Line Fees resulting from the Provider's reliance upon the written information provided by any Person who uses Provider's services or Facilities for the provision of Telecommunications Service to end-user customers.

**Section 2.12 City Payment Due Dates**

A. Access Line Fee:

A Provider shall remit the Access Line Fee on a quarterly basis together with the Certified Statement in the format required in Section 2.11(A)(1)(a). Payment shall be made on or before the 45th day following the close of each calendar quarter for which the payment is calculated and shall be paid by wire transfer to an account designated by the City Manager.

B. Minimum Fee Payment.

This fee per Section 2.11(B), if applicable, shall be due on January 31 of every year of the Consent Agreement.

**Section 2.13 Audits**

A. On 30 days notice to a Provider the City may audit a Provider for a period of five (5) years, or the term of the Municipal Consent, whichever is longer. The Provider shall furnish information to demonstrate its compliance with the Municipal Consent and/or other provisions of this Article.

B. A Provider shall keep complete and accurate books of accounts and records of business and operations that cumulatively reflect the monthly count of all Access Lines for a period of seven (7) years. The City Manager may require the keeping of additional records or

accounts that are reasonably necessary for purposes of identifying, accounting for, and reporting the number of Access Lines used to deliver telecommunication services or for calculation of the payments due hereunder. The City may examine the Provider's books and records referred to above, expressly excluding any records, documents or other writings the disclosure of which is prohibited by state or federal law, including the Electronic Communications Privacy Act, 18 U.S.C. §2701, *et seq.*, to the extent such records reasonably relate to providing information to verify compliance with this Article and the Municipal Consent.

- C. A Provider shall make available to the City or the City's designated agent (hereinafter "agent"), for the City or it's agent to examine, audit, review and copy, in the City, on the City Manager's written request, its books and records referred to above, including papers, books, accounts, documents, maps, plans and other Provider records that pertain to Municipal Consent conditions and requirements obtained under this Article. A Provider shall fully cooperate in making records available and otherwise assist the City examiner. The City examiner shall not inspect or copy or otherwise demand production of customer specific information or any records, documents or other writings the disclosure of which is prohibited by state or federal law, including the Electronic Communications Privacy Act, 18 U.S.C. §2701, *et seq.* Provider will use its best efforts to retain records in such a manner that allows retrieval of all lawful information.
- D. The City Manager may, at any time, make inquiries pertaining to Providers' performance of the terms and conditions of a Municipal Consent conveyed under this Article. Providers shall respond to such inquiries on a timely basis.
- E. Upon written request by the City Manager, to the extent the documents are reasonably identified, Providers shall furnish to the City within 30 business days from the date of the written request copies of all public petitions, applications, written communications and reports submitted by Providers, to the FCC and/or to the PUC or their successor agencies, relating to any matters affecting the physical use of City Public Rights-of-Way.
- F. The provisions of this Section shall be continuing and shall survive the termination of a Municipal Consent

granted under this Article and shall extend beyond the term of the Municipal Consent granted to the Provider and the City shall have all the rights described in this Section for so long as Provider is providing any Telecommunications Service within the City, unless waived, in writing, by the City.

**Section 2.14 Transfer**

- A. No Municipal Consent nor any rights or privileges that a Provider has under a Municipal Consent, or the Facilities held by a Provider for use under such Municipal Consent which are in the Public Rights-of-Way, shall be sold, resold, assigned, transferred or conveyed by the Provider, either separately or collectively, to any other Person, without the prior written approval of the City by ordinance or resolution. The City's approval shall be based upon the transferee providing adequate information to the City that it has the ability to perform and comply with the obligations and requirements of the Municipal Consent. Such approval shall not be unreasonably withheld. Should a Provider sell, assign, transfer, convey or otherwise dispose of any of its rights or interests under its Municipal Consent, including such Provider's Telecommunications Network, or attempt to do so, without the City's prior consent, the City may revoke the Provider's Municipal Consent for default, in which event all rights and interest of the Provider under the Municipal Consent shall cease.
- B. Any transfer in violation of this Section shall be null and void and unenforceable. Any change of control of a Provider shall constitute a transfer under this Section. However, such a change in control shall not void the Municipal Consent as to the transferee, unless and until the City has given notice that such a change in control necessitates compliance with Section 2.14. If the Provider does not initiate compliance with Section 2.14 by a request for Municipal Consent within thirty (30) days after the above notice has been given by the City, the Municipal Consent shall be null and unenforceable as to the transferee.
- C. There shall be a rebuttable presumption of a change of control of a Provider upon a change of 15% or greater in the ownership of such Provider. Such a change in

control shall be deemed a transfer which requires consent of the City.

- D. A mortgage or other pledge of assets to a bank or lending institution in a bona fide lending transaction shall not be considered an assignment or transfer.
- E. Every Municipal Consent granted under this Section 2.14 shall specify that any transfer or other disposition of rights which has the effect of circumventing payment of required Access Line Fees or Minimum Fees and/or evasion of payment of such fees by failure to accurately count or report the number of Access Lines by a Provider is prohibited.
- F. Notwithstanding anything else in this Section 2.14, if the City has not approved or denied a request to transfer under this Section within 120 days of written notice of such request from the Provider to the City, it shall be deemed approved. Such time frame may be extended by mutual agreement of the parties.
- G. Notwithstanding any other provision in this Section 2.14, a Provider may transfer, without City approval, the Facilities in the Public Rights-of-Way under a Municipal Consent to another Provider who has a Municipal Consent under this Article. The Provider transferring the Facilities remains subject to all applicable obligations and provisions of the Municipal Consent unless the Provider to which the Facilities are transferred is also subject to the same, as applicable, obligations and provisions. The Provider transferring the Facilities must give written notice of the transfer to the City Manager.

**Section 2.15    Notices to City**

- A. A Provider shall notify the City Manager as is provided in the Consent Agreement.
- B. A Provider shall give written notice to the City not later than 15 days before a transfer or change in operations that may affect the applicability of Sections 2.18 [Conditions of Public Rights-of-Way Occupancy], 2.19 [Insurance Requirements], 2.20 [Indemnity], and 2.21 [Renewal of Municipal Consent], to the Provider.

**Section 2.16    Circumvention of Fee Prohibited**

A Person may not circumvent payment of Access Line Fees or evade payment of such fees by bartering, transfer of rights, or by any other means that result in undercounting a Provider's number of lines. Capacity or services may be bartered if the imputed lines are reported in accordance with Section 2.11.

**Section 2.17    Construction Obligations**

- A. A Provider is subject to the reasonable regulation of the City to manage its Public Rights-of-Way pursuant to the City's rights as a custodian of public property under state and federal laws. A Provider is subject to City ordinances and requirements and federal and state laws and regulations in connection with the construction, expansion, reconstruction, maintenance or repair of Facilities in the Public Rights-of-Way.
- B. At the City's request, a Provider shall furnish the City accurate and complete information relating to the construction, reconstruction, removal, maintenance, operation and repair of Facilities performed by the Provider in the Public Rights-of-Way. Such request may include up to three copies of such documents.
- C. The construction, expansion, reconstruction, excavation, use, maintenance and operation of a Provider's Facilities within the Public Rights-of-Way are subject to applicable City requirements.
  - 1. A Provider may be required to place certain Facilities within the Public Rights-of-Way underground according to applicable City requirements absent a compelling demonstration by the Provider that, in any specific instance, this requirement is not reasonable or feasible nor is it equally applicable to other similar users of the Public Rights-of-Way.
  - 2. A Provider shall perform operations, excavations and other construction in the Public Rights-of-Way in accordance with all applicable City requirements, including the obligation to use trenchless technology whenever commercially economical and practical and consistent with obligations on other similar users of the Public

Rights-of-Way. The City shall waive the requirement of trenchless technology if it determines that the field conditions warrant the waiver, based upon information obtained by the City as well as information provided to the City by the Provider. All excavations and other construction in the Public Rights-of-Way shall be conducted so as to minimize interference with the use of public and private property. A Provider shall follow all reasonable construction directions given by the City in order to minimize any such interference.

3. A Provider must obtain a permit, as reasonably required by applicable City codes, prior to any excavation, construction, installation, expansion, repair, removal, relocation or maintenance of the Provider's Facilities. Once a permit is issued, Provider shall give to the City a minimum of forty-eight (48) hours notice (which could be at the time of application for the issuance of the permit) prior to undertaking any of the above listed activities on its Network in, on or under the Public Rights-of-Way. The failure of the Provider to request and obtain a permit from the City prior to performing any of the above listed activities in, on or over any Public Right-of-Way, except in an emergency as provided for in Subsection (10) below, will subject the Provider to a stop-work order from the City and enforcement action pursuant to the City's Code of Ordinances. If the Provider fails to act upon any permit within 90 calendar days of issuance, the permit shall become invalid, and the Provider will be required to obtain another permit.
4. When a Provider completes construction, expansion, reconstruction, removal, excavation or other work ("Work"), the Provider shall promptly restore to the same condition as prior to the work the Public Rights-of-Way in accordance with applicable City requirements. A Provider shall replace and properly relay and repair the surface, base, underground infrastructure (i.e., gas, water, sewer, and the like), irrigation system and landscape treatment of any Public Rights-of-Way that may be excavated or damaged by reason of the erection, construction, maintenance, or repair of the Provider's Facilities within thirty (30) calendar days after completion of the work in

accordance with existing standards of the City in effect at the time of the work.

5. Upon failure of a Provider to perform any such repair or replacement work, and five (5) days after written notice has been given by the City to the Provider, the City may repair such portion of the Public Rights-of-Way as may have been disturbed by the Provider, its contractors or agents. Upon receipt of a invoice from the City, the Provider will reimburse the City for the costs so incurred within thirty (30) calendar days from the date of the City invoice.
6. Should the City reasonably determine, within two (2) years from the date of the completion of the repair work on streets that the surface, base, underground infrastructure, irrigation system or landscape treatment requires additional restoration work to meet existing standards of the City, a Provider shall perform such additional restoration work to the satisfaction of the City, subject to all City remedies as provided herein.
7. Notwithstanding the foregoing, if the City determines that the failure of a Provider to properly repair or restore the Public Rights-of-Way constitutes a safety hazard to the public, the City may undertake emergency repairs and restoration efforts. A Provider shall promptly reimburse the City for all costs incurred by the City within thirty (30) calendar days from the date of the City invoice.
8. A Provider shall furnish the Engineering Services Department or the department as designated by the City Manager, with construction plans and maps (and up to three copies) showing the location and proposed routing of new construction or reconstruction at least fifteen (15) days [subject to Subsection (D)], before beginning construction or reconstruction that involves an alteration to the surface or subsurface of the Public Rights-of-Way. A Provider may not begin construction until the location of new Facilities and proposed routing of the new construction or reconstruction and all required plans and drawings have been approved in writing by the City, which approval will not be unreasonably withheld, taking

due consideration of the surrounding area and alternative locations for the Facilities and routing.

9. If the City Manager declares an emergency with regard to the health and safety of the citizens and requests by written notice the removal or abatement of Facilities, a Provider shall remove or abate the Provider's Facilities by the deadline provided in the City Manager's request. The Provider and the City shall cooperate to the extent possible to assure continuity of service. If the Provider, after notice, fails or refuses to act, the City may remove or abate the facility, at the sole cost and expense of the Provider, without paying compensation to the Provider and without the City incurring liability for damages.
  10. Except in the case of customer service interruptions and imminent harm to property or Person ("Emergency Conditions"), a Provider may not excavate the pavement of a street or public rights-of-way without first complying with City requirements. The City Manager or designee shall be notified immediately regarding work performed under such Emergency Conditions, and the Provider shall comply with the requirements of City standards for the restoration of the Public Rights-of-Way.
  11. Within sixty (60) days of completion of each new permitted section of a Provider's Facilities, the Provider shall supply the City with a complete set of "as built" drawings for the segment in a format used in the ordinary course of the Provider's business and as reasonably prescribed by the City, and as allowed by law.
  12. The City may require reasonable bonding requirements of a Provider, as are required of other entities that place Facilities in the Public Rights-of-Way.
- D. In determining whether any requirement under this section is unreasonable or unfeasible, the City Manager or his/her designee shall consider, among other things, whether the requirement would subject the Provider or Providers to an unreasonable increase in risk of service interruption, or to an unreasonable increase in liability for accidents, or to an unreasonable delay in

construction or in availability of its services, or to any other unreasonable technical or economic burden.

**Section 2.18 Conditions of Public Rights-Of-Way Occupancy**

- A. In the exercise of governmental functions, the City has first priority over all other uses of the Public Rights-of-Way. The City reserves the right to lay sewer, gas, water, and other pipe lines or cables and conduits, and to do underground and overhead work, and attachments, restructuring or changes in aerial Facilities in, across, along, over or under a public street, alley or Public Rights-of-Way occupied by a Provider, and to change the curb, sidewalks or the grade of streets.
- B. The City shall assign the location in or over the Public Rights-of-Way among competing users of the Public Rights-of-Way with due consideration to the public health and safety considerations of each user type, and to the extent there is limited space available for additional users, may limit new users, as allowed under state or federal law.
- C. If, during the term of a Municipal Consent, the City authorizes abutting landowners to occupy space under the surface of any public street, alley, or Public Rights-of-Way, the grant to an abutting landowner shall be subject to the rights of the Provider. If the City closes or abandons a Public Right-of-Way that contains a portion of a Provider's Facilities, the City shall close or abandon such Public Right-of-Way subject to the rights conveyed in the Municipal Consent.
- D. If the City gives written notice, a Provider shall, at its own expense, temporarily or permanently, remove, relocate, change or alter the position of Provider's Facilities that are in the Public Rights-of-Way within 120 days, except in circumstances that require additional time as reasonably determined by the City based upon information provided by the Provider. For projects expected to take longer than 120 days to remove, change or relocate, the City will confer with Provider before determining the alterations to be required and the timing thereof. The City shall give notice whenever the City has determined that removal, relocation, change or alteration is reasonably necessary for the construction, operation, repair, maintenance or

installation of a City or other governmental public improvement in the Public Rights-of-Way. This section shall not be construed to prevent a Provider's recovery of the cost of relocation or removal from private third parties who initiate the request for relocation or removal, nor shall it be required if improvements are solely for beautification purposes without prior joint deliberation and agreement with Provider.

If the Provider fails to relocate Facilities in the time allowed by the City in this Section, the Provider may be subject to liability to the City for such delay and as set forth in the City Codes or Ordinance, now or hereafter enacted.

Notwithstanding anything in this Subsection (D), the City Manager and a Provider may agree in writing to different time frames than those provided above if circumstances reasonably warrant such a change.

- E. During the term of its Municipal Consent, a Provider may trim trees in or over the Public Rights-of-Way for the safe and reliable operation, use and maintenance of its Network. All tree trimming shall be performed in accordance with standards promulgated by the City. Should the Provider, its contractor or agent, fail to remove such trimmings within twenty-four (24) hours, the City may remove the trimmings or have them removed, and upon receipt of a bill from the City, the Provider shall promptly reimburse the City for all costs incurred within thirty (30) working days.
- F. Providers shall temporarily remove, raise or lower its aerial Facilities to permit the moving of houses or other bulky structures, if the City gives written notice of no less than 48 hours. The expense of these temporary rearrangements shall be paid by the party or parties requesting and benefiting from the temporary rearrangements. Provider may require prepayment or prior posting of a bond from the party requesting temporary move.

#### **Section 2.19 Insurance Requirements**

4. provide that the terms of the Municipal Consent which impose obligations on the Provider concerning liability, duty, and standard of care, including the indemnity section, are included in the policy and that the risks are insured within the policy terms and conditions.
- D. Provider shall file and maintain proof of insurance with the City Manager during the term of a Municipal Consent or an extension or renewal. An insurance certificate obtained in compliance with this section is subject to City approval. The City may require the certificate to be changed to reflect changing liability limits.   - G. The Provider shall pay premiums and assessments. A company which issues an insurance policy has no recourse against the City for payment of a premium or assessment. **Section 2.20 Indemnity**

- A. Each Municipal Consent granted under this Article shall contain provisions whereby the Provider shall promptly defend, indemnify and hold the City harmless from and against all damages, costs, losses or expenses:

However, in the event this Ordinance or any tariff that authorizes the Provider to recover the fee(s) provided for this Ordinance or any procedure provided in this Ordinance or any compensation due the City under this Ordinance becomes unlawful, or is declared or determined by a judicial, administrative or legislative authority exercising its jurisdiction to be excessive, unrecoverable, unenforceable, void, illegal or otherwise inapplicable, in whole or in part, or is exchanged for another means of compensation under higher authority, the City shall adopt a new ordinance that is in compliance with the authority's decision or enactment. Unless explicitly prohibited, the new ordinance shall provide the City with a level of compensation comparable to that set forth in this Ordinance as long as the compensation is recoverable by the Provider in a manner permitted by law for the unexpired portion of the term of this Ordinance.

- B. - C. A material breach shall not be deemed to have occurred if the violation occurs without the fault of a Provider or occurs as a result of circumstances beyond its control. Providers shall not be excused from performance of any of their obligations under this Article by economic hardship, nor misfeasance or malfeasance of their City Managers, officers or employees.
- D. A termination shall be declared only by a written decision by motion, resolution or ordinance of the City Council after an appropriate public proceeding before the City Council, which shall accord the Provider due process and full opportunity to be heard and to respond to any notice of grounds to terminate. All notice

requirements shall be met by giving the Provider at least fifteen (15) days prior written notice of any public hearing concerning the proposed termination of its consent. Such notice shall state the grounds for termination alleged by City.

- A. Whenever by reason of widening or straightening of streets, water or sewer line projects, or any other public works projects in which beautification or accommodation of a private developer is not a primary purpose of the project (e.g., installing or improving storm drains, water lines, sewer lines, etc.), it shall be deemed necessary to remove, alter, change, adapt, or conform the underground or aboveground System Facilities of Company to another part of the Public Rights-of-Way, such alterations shall be made by Company at Company's expense in accordance with the Right-of-Way Management Chapter of the Code of the City of Arlington. Facilities are deemed to be in conflict to the extent that the proposed City facilities are determined by City to physically conflict with Company's facilities; or determined by Atmos Energy to be inconsistent with gas distribution industry standard safe operating practices for existing facilities. City agrees to use its best effort to provide Atmos Energy with its annual capital improvements plan as well as any material updates or changes within a reasonable time after they become available. City shall notify Atmos Energy as soon as reasonably possible of any projects that will affect Atmos Energy's facilities located in the Public Rights-of-Way. Atmos Energy shall not be required to relocate facilities to a depth of greater than four (4) feet unless a greater depth is necessary to avoid conflict with other facilities.

If Atmos Energy is required by City to remove or relocate its mains, laterals, or other facilities lying within Public Rights-of-Way for any reason other than the construction or reconstruction of sewers, drainage, water lines, streets or utilities,

or any other public works projects in which beautification or accommodation of a private developer is not a primary purpose of the project, Atmos Energy shall be entitled to reimbursement from City or others of the cost and expense of such removal or relocation. When Atmos Energy is required to remove or relocate its mains, laterals or other facilities to accommodate construction by City without reimbursement from City, Atmos Energy shall have the right to seek recovery of relocation costs as provided for in applicable state and/or federal law. Nothing herein shall be construed to prohibit, alter, or modify in any way the right of Atmos Energy to seek or recover a surcharge from customers for the cost of relocation pursuant to applicable state and/or federal law. City shall not oppose recovery of relocation costs when Company is required by City to perform relocation. City shall not require that Company document request for reimbursement as a pre-condition to recovery of such relocation costs. Notwithstanding the foregoing, the City shall have the right to request other project documentation to the full extent provided by state law.

- B. If City abandons any Public Right-of-Way in which Company has facilities, such abandonment shall be conditioned on Company's right to maintain its use of the former Public Right-of-Way and on the obligation of the party to whom the Public Right-of-Way is abandoned to reimburse Company for all removal or relocation expenses if Company agrees to the removal or relocation of its facilities following abandonment of the Public Right-of-Way. If the party to whom the Public Right-of-Way is abandoned requests the Company to remove or relocate its facilities and Company agrees to such removal or relocation, such removal or relocation shall be done within a reasonable time at the expense of the party requesting the removal or relocation. If relocation cannot practically be made to another Public Right-of-Way, the expense of any right-of-way acquisition shall be considered a relocation expense to be reimbursed by the party requesting the relocation.

### **Section 3.13 Laying of Lines in Advance of Public Improvements**

The City shall give written notice to the Company whenever the City shall decide to make any public improvements in any Public Right-of-Way in which mains and pipes already exist or in which Company may propose to lay its mains or pipes. The Company will be provided the opportunity, at no expense to the City, in advance of such public improvements, to renew such mains or pipes, if defective or inadequate in size, and to lay service lines, or renew same, if inadequate in size or defective, to the property lines where buildings are already located.

**Section 3.14 Installation of Meters**

If a meter is to be installed in or near the Public Rights-of-Way, Company agrees to discuss with the City the aesthetics of the meter placement. Meters shall not be placed within City sidewalks. If the City requires a meter upgrade, the Company will comply so long as the City reimburses the Company for the reasonable costs incurred by the Company in changing meters; provided, however, that in no event shall underground meters be required.

**Section 3.15 Duty to Serve**

- A. The Company hereby agrees that it will not arbitrarily refuse to provide service to any Person that it is economically feasible for the Company to serve. In the event that a Person is refused service, said Person may request a hearing before the City Council of the City or its designee, said hearing to be held within forty-five (45) days from the date of the request for hearing. The Council may order the Company to provide service or take any other action necessary to bring the Company into compliance with the intent of the Council in granting this Franchise, including the adoption of an ordinance or resolution in accordance with Section 3.15(B) or termination or forfeiture of the Franchise in accordance with Section 3.22. The Council shall render its opinion at its next regular meeting but in no event shall it be required to act in less than seven (7) days.
- B. Commencing five (5) calendar days following the adoption of a resolution or an ordinance of the City that finds and determines a failure of Company to comply with operational or maintenance standards as required by this Franchise Ordinance, the City may elect to terminate this Franchise in accordance with Section 3.22.

**Section 3.16 Rates**

Company shall furnish reasonably adequate service to the public at reasonable rates and charges therefore; and Company shall maintain its System in good order and condition. Such rates shall be established in accordance with all applicable statutes and ordinances. **Section 3.17 Payments to the City**

A. In consideration of the privilege and license granted by City to Company to use and occupy the Public Rights-of-Way in the City for the conduct of its business, Company, its successors and assigns, agrees to pay and City agrees to accept such franchise fees in the amount and manner described herein. Except as provided for in Section 3.17(B), such payments shall be made on a quarterly basis, on or before the forty-fifth (45th) day following the end of each calendar quarter. The franchise fee shall be a sum of money that shall be equivalent to five percent (5%) of the quarterly Gross Revenues, as defined in Section 3.02(E), for the preceding calendar quarter. The initial payment provided under this Franchise shall be due on or before May 15, 2016, based on the preceding calendar quarter (January 1 – March 31, 2016) and shall be for the right and privilege during the preceding calendar quarter (January 1 – March 31, 2016). Subsequent payments shall be made as follows during the term of the Franchise:

Payment Due	Based Upon and For Calendar Quarter
Feb. 15	Oct. 1 – Dec. 31
May 15	Jan. 1 – March 31
Aug. 15	April 1 – June 30
Nov. 15	July 1 – Sept. 30

The final payment under the initial term of this Franchise will be due on or before February 15, 2026 and will be for the calendar quarter October 1 – December 31, 2025.

B. The franchise fee amounts based on “Contributions in Aid of Construction” (“CIAC”) shall be calculated on an annual calendar year basis, i.e., from January 1 through December 31 of each calendar year. The franchise fee amounts that are due based on CIAC shall be paid at least once annually on or before April 30 each year based on the total CIAC recorded during the preceding calendar year. The initial CIAC franchise fee payment will be due on or before April 30, 2016 and will be based on CIAC received from the effective date of this Ordinance through December 31, 2015. The final payment of franchise fee amounts based on CIAC will be April 30, 2026, for the calendar year ending December 31, 2025.

C. It is also expressly agreed that the franchise fee payments shall be in lieu of any and all other and additional occupation taxes, easement, franchise taxes or charges (whether levied as a special or other character of tax or charge), municipal license, permit, and inspection fees, bonds, street taxes, and street or alley rentals or charges, and all other and additional municipal taxes, charges, levies, fees, and rentals of whatsoever kind and character that City may now impose or hereafter levy and collect from Company or Company’s agents, excepting only the usual

- general or special ad valorem taxes that City is authorized to levy and impose upon real and personal property. Except however, Company's separate obligation to reimburse the City for City's reasonable rate case expenses and for street repairs in accordance with City's ordinances are not affected by Company's payment of franchise fees hereunder. Should City not have the legal power to agree that the payment of the foregoing sums of money shall be in lieu of occupation taxes, licenses, fees, street or alley rentals or charges, easements or franchise taxes, then City agrees that it will apply so much of said sums of money paid as may be necessary to satisfy Company's obligations, if any, to pay such occupation taxes, licenses, charges, fees or rentals.
- D. If the Company fails to pay when due any payment provided for in this Section, Company shall pay such amount plus interest at the current prime rate per annum from such due date until payment is received by City.
- E. **Company Recovery of Franchise Fees.** City agrees that (i) as a regulatory authority, it will adopt and approve the ordinance, rates, or tariff which provide for 100% recovery of such franchise fees as part of Company's rates; (ii) if City intervenes in any regulatory proceeding before a federal or state agency in which the recovery of Company's franchise fees is an issue, City will take an affirmative position supporting 100% recovery of such franchise fees by Company; and (iii) in the event of an appeal of any such regulatory proceeding in which City has intervened, City will take an affirmative position in any such appeals in support of the 100% recovery of such franchise fees by Company. City further agrees that it will take no action, nor cause any other person or entity to take any action, to prohibit the recovery of such franchise fees by Company.
- F. **Lease of Facilities Within City's Rights-of-Way.** Company shall have the right to lease, license or otherwise grant to a party other than Company the use of its Facilities within the City's Public Rights-of-Way provided: (i) Company first notifies the City of the name of the lessee, licensee or user, the type of service(s) intended to be provided through the Facilities, and the name and telephone number of a contact person associated with such lessee, licensee or user; and (ii) Company makes the franchise fee payment due on the revenues from such lease pursuant to Sections 3.17(A) and 3.17(B) of this Ordinance. This authority to lease Facilities within City's Rights-of-Way shall not affect any such lessee, licensee or user's obligation, if any, to pay franchise fees, access line fees, or similar Public Right-of-Way user fees.
- G. City shall within thirty (30) days of final approval, give Company notice of annexations and disannexations of territory by the City, which notice shall include a map and addresses, if known. Upon receipt of said notice, Company shall promptly initiate a process to reclassify affected customers into the city limits no

later than sixty (60) days after receipt of notice from the City. The annexed areas added to the city limits will be included in future franchise fee payments in accordance with the effective date of the annexation if notice was timely received from City. Upon request from City, Company will provide documentation to verify that affected customers were appropriately reclassified and included for purposes of calculating franchise fee payments. In no event shall the Company be required to add premises for the purposes of calculating franchise payment prior to the earliest date that the same premises are added for purposes of collecting sales tax.

### **Section 3.18 Books and Records**

- A. Company agrees that at the time of each quarterly payment, Company shall also submit to the City a statement showing its Gross Revenues for the preceding calendar quarter as defined in Section 3.02(E). City shall be entitled to treat such statement as though it were sworn and signed by an officer of Company.
- B. City may, if it sees fit, upon reasonable notice to the Company, have the books and records of Company examined by a representative of City to ascertain the correctness of the reports agreed to be filed herein. The Company shall make available to the auditor such personnel and records as the City may in its reasonable discretion request in order to complete such audit, and shall make no charge to the City therefore. The Company shall assist the City in its review by providing all requested information no later than fifteen (15) days after receipt of a request. The cost of the audit shall be borne by the City unless the audit discloses that the Company has underpaid the franchise fee by 10% or more, in which case the reasonable costs of the audit shall be reimbursed to the City by the Company. If such an examination reveals that Company has underpaid the City, then upon receipt of written notification from City regarding the existence of such underpayment, Company shall undertake a review of the City's claim and if said underpayment is confirmed, remit the amount of underpayment to City, including any interest calculated in accordance with Section 3.17(D). Should Company determine through examination of its books and records that City has been overpaid, upon receipt of written notification from Company regarding the existence of such overpayment, City shall review Company's claim and if said overpayment is confirmed, remit the amount of overpayment to Company.
- C. If, after receiving reasonable notice from the City of the City's intent to perform an audit as provided herein, the Company fails to provide data, documents, reports, or information required to be furnished hereunder to the City, or fails to reasonably cooperate with the City during an audit conducted under the terms

hereunder, the City may elect to terminate this Franchise in accordance with Section 3.22.

**Section 3.19 Reservation of Rights: General**

- A. The City reserves to itself the right and power at all times to exercise, in the interest of the public and in accordance with state law, regulation and control of Company's use of the Public Rights-of-Way to ensure the rendering of efficient public service, and the maintenance of Company's System in good repair throughout the term of this Franchise.
- B. The rights, privileges, and Franchise granted by this Ordinance are not to be considered exclusive, and City hereby expressly reserves the right to grant, at any time, like privileges, rights, and franchises as it may see fit to any other Person for the purpose of furnishing gas for light, heat, and power for City and the inhabitants thereof.
- C. City expressly reserves the right to own and/or operate its own system for the purpose of transporting, delivering, distributing, or selling gas to and for the City and inhabitants thereof.
- D. Nothing herein shall impair the right of the City to fix, within constitutional and statutory limits, a reasonable price to be charged for natural gas, or to provide and fix a scale of prices for natural gas, and other charges, to be charged by Company to residential consumers, commercial consumers, industrial consumers, or to any combination of such consumers, within the territorial limits of the City as same now exists or as such limits may be extended from time to time hereafter.

**Section 3.20 Right to Indemnification, Legal Defense and to be Held Harmless**

- A. **In consideration of the granting of this Franchise, Company agrees to indemnify, defend and hold harmless the City, its officers, agents, and employees (City and such other persons and entities being collectively referred to herein as "Indemnitees"), from and against all suits, actions or claims of injury to any person or persons, or damages to any property brought or made for or on account of any death, injuries to, or damages received or sustained by any person or persons or for damage to or loss of property arising out of, or occasioned by Company's intentional and/or negligent acts or omissions in connection with Company's operations.**

- B. The Company's obligation to indemnify Indemnitees under this Franchise Ordinance shall not extend to claims, losses, and other matters covered hereunder that are caused or contributed to by the negligence of one or more Indemnitees. In such case the obligation to indemnify shall be reduced in proportion to the negligence of the Indemnitees. By entering into this Franchise Ordinance, City does not consent to suit, waive any governmental immunity available to the City under Texas law or waive any of the defenses of the parties under Texas law.**
- C. Except for instances of the City's own negligence, City shall not at any time be required to pay from its own funds for injury or damage occurring to any person or property from any cause whatsoever arising out of Company's construction, reconstruction, maintenance, repair, use, operation or dismantling of System or Company's provision of service.**
- D. In the event any action or proceeding shall be brought against the Indemnitees by reason of any matter for which the Indemnitees are indemnified hereunder, Company shall, upon notice from any of the Indemnitees, at Company's sole cost and expense, resist and defend the same with legal counsel selected by Company; provided, however, that Company shall not admit liability in any such matter on behalf of the Indemnitees without their written consent and provided further that Indemnitees shall not admit liability for, nor enter into any compromise or settlement of, any claim for which they are indemnified hereunder, without the prior written consent of Company. Company's obligation to defend shall apply regardless of whether City is solely or concurrently negligent. The Indemnitees shall give Company prompt notice of the making of any claim or the commencement of any action, suit or other proceeding covered by the provisions of this Section 3.20. Nothing herein shall be deemed to prevent the Indemnitees at their election and at their own expense from cooperating with Company and participating in the defense of any litigation by their own counsel. If Company fails to retain defense counsel within seven (7) business days after receipt of Indemnitee's written notice that Indemnitee is invoking its right to indemnification under this Franchise, Indemnitees shall have the right to retain defense counsel on their own behalf, and Company shall be liable for all defense costs incurred by Indemnitees.**

**Section 3.21 Insurance**

The Company will maintain an appropriate level of insurance in consideration of the Company's obligations and risks undertaken pursuant to this Franchise, unless a specific amount of insurance is required by the City's Right-of-Way Ordinance, in which

case said Ordinance will control. Such insurance may be in the form of self-insurance to the extent permitted by applicable law, under an approved formal plan of self-insurance maintained by Company in accordance with sound accounting and risk-management practices. A certificate of insurance shall be provided to the City. The Company will require its self-insurance to respond to the same extent as if an insurance policy had been purchased naming the City as an additional insured, and any excess coverage will name the City as an additional insured up to the amounts required by the City's Right-of-Way Ordinance.

### **Section 3.22 Termination**

- A. Right to Terminate. In addition to any rights set out elsewhere in this Franchise Ordinance, the City reserves the right to terminate the Franchise and all rights and privileges pertaining thereto, in the event that the Company violates any material provision of the Franchise.
- B. Procedures for Termination.
  - (1) The City may, at any time, terminate this Franchise for a continuing material violation by the Company of any of the substantial terms hereof. In such event, the City shall give to Company written notice, specifying all grounds on which termination or forfeiture is claimed, by registered mail, addressed and delivered to the Company at the address set forth in Section 3.09 hereof. The Company shall have sixty (60) days after the receipt of such notice within which to cease such violation and comply with the terms and provisions hereof. In the event Company fails to cease such violation or otherwise comply with the terms hereof, then Company's Franchise is subject to termination under the following provisions. Provided, however, that, if the Company commences work or other efforts to cure such violations within thirty (30) days after receipt of written notice and shall thereafter prosecute such curative work with reasonable diligence until such curative work is completed, then such violations shall cease to exist, and the Franchise will not be terminated.
  - (2) Termination shall be declared only by written decision of the City Council after an appropriate public proceeding whereby the Company is afforded the full opportunity to be heard and to respond to any such notice of violation or failure to comply. The Company shall be provided at least fifteen (15) days prior written notice of any public hearing concerning the termination of the Franchise. In addition, ten (10) days notice by publication shall be given of the date, time and place of any public hearing

to interested members of the public, which notice shall be paid for by the Company.

- (3) The City, after full public hearing, and upon finding material violation or failure to comply, may terminate the Franchise or excuse the violation or failure to comply, upon a showing by the Company of mitigating circumstances or upon a showing of good cause of said violation or failure to comply as may be determined by the City Council.
- (4) Nothing herein stated shall preclude Company from appealing the final decision of the City Council to a court or regulatory authority having jurisdiction.
- (5) Nothing herein stated shall prevent the City from seeking to compel compliance by suit in any court of competent jurisdiction if the Company fails to comply with the terms of this Franchise after due notice and the providing of adequate time for Company to comply with said terms.

### **Section 3.23 Renegotiation**

If either City or Company requests renegotiation of any term of this Ordinance, Company and City agree to renegotiate in good faith revisions to any and all terms of this Ordinance. If the parties cannot come to agreement upon any provisions being renegotiated, then the existing provisions of this Ordinance will continue in effect for the remaining term of the Franchise.

### **Section 3.24 Severability**

This Ordinance and every provision hereof, shall be considered severable, and the invalidity or unconstitutionality of any section, clause, provision, or portion of this Ordinance shall not affect the validity or constitutionality of any other portion of this Ordinance. If any term or provision of this Ordinance is held to be illegal, invalid or unenforceable, the legality, validity or unenforceability of the remaining terms or provisions of this Ordinance shall not be affected thereby.

### **Section 3.25 No Waiver**

Either City or the Company shall have the right to waive any requirement contained in this Ordinance, which is intended for the waiving party's benefit, but, except as otherwise provided herein, such waiver shall be effective only if in writing executed

by the party for whose benefit such requirement is intended. No waiver of any breach or violation of any term of this Ordinance shall be deemed or construed to constitute a waiver of any other breach or violation, whether concurrent or subsequent, and whether of the same or a different type of breach or violation.

**Section 3.26 Effective Date**

This Franchise shall be effective on January 1, 2016, if Company has filed its acceptance as provided by Section 3.04 herein.

**ARTICLE VII**

**CONSENT**

- A. The City Council makes the following findings:
1. It is in the public interest to promote competition in telecommunications services and the availability of broadband transmission services to all residences and businesses.

  2. to manage the public rights-of-way to minimize the effects and cost to the public of locating telecommunications facilities within the limited rights-of-way;
  3. to obtain fair and reasonable compensation for the commercial use of public rights-of-way through collection of fees and charges;

**Section 7.03 Definitions**

In this chapter:

There is a rebuttable presumption of control if a provider owns at least 25% of the affiliate's stock or assets.

**"City Manager"** means the City Manager of the City of Arlington, or the City Manager's designee.

**"Gross Revenue"** includes all revenues derived directly or indirectly by a Provider from Telecommunications Services offered through a Telecommunications Network within the City. Gross Revenue does not include revenue uncollectible from customers ("bad debt"). By way of example, but without limitation, "Gross Revenue" includes:

1. Revenue derived from cash sales, customer credit account sales, property of any kind or nature or from any service whatsoever received or accruing to Provider directly or indirectly arising from or attributable to the sale or exchange of Telecommunications and/or Network Services by Provider within the City;

6. All revenues from local service;
7. All revenues from authorized rental or lease of conduit space;
8. All revenues from charges for access to or from local and long distance networks;
9. All revenues from authorized rentals or leases of any portion of Provider's Telecommunications Network, including, but not limited to, plant, facilities, antenna towers or capacity leased to others;
10. All revenues from enhanced data service;
11. All interconnect and access and/or landline charges or revenues from wireless telecommunication entities, interexchange carriers and other Providers;
12. All revenues derived from co-location connection fees;
13. All revenues from subsidiary or Affiliate entities or entities renting or leasing conduit space or any other part of the Provider's Network;
14. Any fees collected from the customer, other than State sales taxes, but including all fees and charges collected pursuant to this Chapter;
15. Revenues from the lease or re-sale of lines or circuit paths to any Affiliate or third parties; and
16. All revenue from the sale, lease or access for or to Network Elements in the Public Rights-of-Way (as contemplated by 47 C.F.R. Part 51, *et seq.*).

Telecommunications services includes ancillary or adjunct switching services and signal conversions rendered as a function of underlying transmission services, but excludes long distance transmissions (inter LATA and intra LATA toll transmissions) (local access and transport area). Telecommunications services only includes Title II services and expressly excludes cable services or open video systems as defined in Title VI of the Communications Act of 1934, as amended, and other content services.

ARTICLE VIII

REGISTRATION OF RETAIL ELECTRIC PROVIDERS

Section 8.01 General Provisions

- A. Purpose. The City of Arlington City Council finds that it is in the best interest of the public to require that a Retail Electric Provider ("REP") register as a condition of serving City residents. This ordinance establishes a "safe harbor" process for registration of REPs to standardize notice and filing procedures, deadlines, and registration information and fees. The "safe harbor" registration process provides certainty to City and REPs, thereby facilitating the development of a competitive retail electric market in Texas.
- B. Repeal of Existing Ordinance Addressing REP Registration. To the extent that an existing ordinance or ordinances of the City of Arlington address REP registration, such other ordinance or ordinances are hereby repealed.
- C. Definitions. The following words and terms, when used in this Article, shall have the following meanings, unless the context clearly indicates otherwise:

**"Commission" or "PUC"** shall mean the Public Utility Commission of Texas.

**"PURA"** shall mean the Texas Public Utility Regulatory Act, as amended.

**"REP"** shall mean Retail Electric Provider.

**"Registration Form"** shall mean the registration form approved by the Commission in accordance with Commission Substantive Rule §25.113 and available on the Commission's website or from the Commission's Central Records division.

**"Resident"** shall mean any electric customer located within the City, except the City of Arlington, regardless of customer class.

**"Revocation"** shall mean the cessation of all REP business operations within the City, pursuant to Commission order.

UTILITIES

8.01

**"Suspension"** shall mean the cessation of all REP business operations within the City associated with obtaining new customers, pursuant to Commission order.

- D. Non-discrimination in REP registration requirements. The registration requirements apply equally to all REPs and types of REPs. However, the City may exclude from its registration requirement the REP that provides service only to the City's own electric accounts as long as the REP providing service to the City does not serve any residents of the municipality.

**Section 8.02 Registration**

- A. Standards for registration of REPs. Registrations will be processed administratively by City.
1. A REP shall register within 30 days after the effective date of this Ordinance or 30 days after providing retail electric service to any resident of City, whichever is later.
  2. A REP shall register with City by completing the Registration Form approved by the Commission, and signed by an owner, partner, officer, or other authorized representative of the registering party. Forms may be submitted to City by mail or facsimile.
  3. City shall review the submitted Registration Form for completeness, including the remittance of the registration fee. Within 15 business days of receipt of an incomplete registration, City shall notify the registering party in writing of the deficiencies in the registration. The registering party shall have 20 business days from the issuance of the notification to cure the deficiencies. If the deficiencies are not cured within 20 business days, City shall notify the registering party that the registration is rejected without prejudice.
- B. Information. City shall require a REP to provide only the information set forth in the Registration Form.
- C. Registration fees. REPs shall pay a reasonable administrative fee for the purpose of registration.

1. Each retail electric provider required to register under this Article shall pay to the City a one-time registration fee in the amount of \$25.
2. A REP shall pay a late fee of \$15 if the REP fails to register within 30 days after this ordinance requiring registration becomes effective or 30 days after providing retail electric service to any resident of the municipality, whichever is later.

D. Post-registration requirements and re-registration.

1. A REP shall notify City within 30 days of any change in information provided in its registration. In addition, a REP shall notify City within ten days if it discontinues offering service to residents of City.
2. If a REP's registration is revoked and the REP subsequently cures its defects and resumes operations it must re-register. In that circumstance, the REP may register in the same manner as a new REP.

**Section 8.03 Suspension and Revocation**

City may suspend or revoke a REP's registration and authority to operate within the municipality upon a Commission finding that the REP has committed significant violations of PURA Chapter 39 or rules adopted under that chapter. City will not suspend or revoke the registration of the affiliated REP or provider of last resort ("POLR") serving residents in City. City shall not take any action against a REP other than suspension or revocation of a REP's registration and authority to operate in the municipality, or imposition of a late fee in accordance with this Article.

1. City may provide a REP with a warning prior to seeking to suspend or revoke a REP's registration.
2. City shall provide the REP with at least 30 calendar days written notice, informing the REP that its registration and authority to operate shall be suspended or revoked. The notice shall specify the reason(s) for such suspension or revocation.

UTILITIES

8.03

3. City may order that the REP's registration be suspended or revoked only after the notice period has expired.
4. In its suspension order, City shall specify the reasons for the suspension and provide a date certain or provide conditions that a REP must satisfy to cure the suspension. Once the suspension period has expired or the reasons for the suspension have been rectified, the suspension shall be lifted.
5. In its revocation order, City shall specify the reasons for the revocation.
6. A REP may appeal a suspension or revocation order to the Commission.

**Section 8.04 Notice and Effective Date**

Upon adoption of this ordinance, the City shall file the ordinance with the Commission in a docket established by the Commission for the purpose of submitting municipal REP registration ordinances. The filing of this ordinance in such docket in accordance with Commission rules relating to the filing of pleadings, documents, and other materials shall serve as notice to all REPs of the requirement to submit a registration to the City. The ordinance will become effective 31 days after the ordinance has been filed with the Commission in accordance with this section. (Amend Ord 03-046, 4/22/03)
