

# TRANSPORTATION PUBLIC MEETINGS

## Regional 10-Year Plan Project List

House Bill 20 was recently passed by the 84th Texas Legislature and requires that regions develop a 10-year plan to identify major projects to be implemented over that time frame. In June 2016, staff began working on the 10-year planning effort in coordination with regional partners and the Texas Department of Transportation District offices. Additionally, the Texas Transportation Commission allocated new funds to the region from Fiscal Year 2017 to Fiscal Year 2026 in August 2016. A draft of the regional 10-year plan project list and map as well as details on the project prioritization process will be presented for public review and comment.

## Public Involvement Techniques

The North Central Texas Council of Governments Transportation Department seeks to inform North Texans about transportation and air quality projects and planning and involve them in the decision-making process. Outreach and communications efforts used by NCTCOG staff to reach and gather input from North Texans are outlined in the Public Participation Plan. Staff will present an overview of the plan as well as address changing communications trends and the enhancement of outreach and communication efforts.

## Other Information to be Highlighted at the Meetings:

- End of 2016 Ozone Season
- Conformity Approval for Mobility 2040

A video recording of the Arlington meeting  
will be online at [www.nctcog.org/input](http://www.nctcog.org/input).
