## About SAR

*What is it?*

The Arlington Police Department (APD) Intelligence Implementation Strategy (IIS) is designed to develop processes that ensure the timely collection, synthesis, research, analysis and dissemination of tactical and current intelligence from within and through the Department's multiple information silos as well as reviewing, evaluating and disseminating information from external resources.

## **SAR and YOU**

*Why is it important?*

SAR gives you the power to take control of your own safety.

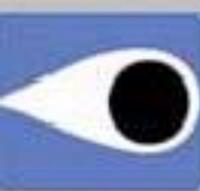

We encounter numerous people and situations daily. During these encounters, you could see something that might indicate that an organized criminal enterprise or terrorist activity is being planned.

YOU can

a crime.
