

SECTION NO. 18

SPECIAL PROVISIONS - SIGN SPECIFICATIONS

Contractor shall furnish, fabricate, and erect sign assemblies consisting of the signs, sign supports, foundations, and associated mounting hardware in accordance with the Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges as published by the Texas Department of Transportation, latest edition.

Contractor may remove, salvage, and replace (or relocate) existing signs that meet current MUTCD design and reflectivity requirements. If re-using existing signs, Contractor shall remove, salvage, and reinstall signs complete and in place. Contractor shall prevent scarring and marring of poles and signs. Any damaged components shall be replaced with new material at the Contractors expense, as directed by the engineer.

Payment shall be made in accordance with the unit prices bid in the PROPOSAL.
