Wormshop

For graduates of our Master Composter Workshop

Mark your calendars for this year's annual Wormshop. This class is for past attendees of the Master Composter Workshop who have not attended this Wormshop before.

Come learn about proper care and feeding of worms as well as bedding and soil maintenance.

The Wormshop will be held on Thursday, April 7th from 4:30 – 6:00pm. Come any time.

*Please bring your own tub, bin or bucket! Contact [Jennifer Shaver](#) to reserve your spot today!

Annual Master Composter Workshop Another successful event!

On March 4th and 5th, our wonderful Master Composters taught the very successful and informative, Annual Master Composter Workshop. The weather cooperated beautifully and all 17 class attendees asked a variety of composting questions and had fun building their compost piles.

I want to extend a special thank you to our amazing class teachers and volunteers without whom this workshop would not be possible!

If you would like to participate in next year's workshop, please let me know.

We recycled over 207 tons of leaves November 21, 2015 through February 21, 2016!

United. Mobilized. Ready to Serve.

THE BIG EVENT

UTA's Big Event

Every April, UTA staff, students and alumni partner with local agencies and the City of Arlington for a day of community service. This April 9th, from 9:00a.m. to 1:00 p.m., the Big Event participants will be sending 20 volunteers to our Tierra Verde Golf Club compost area to weed, mulch and plant natives. If you would like to help coordinate the volunteer effort and assist in this project, please email me at

Jennifer.Shaver@arlingtontx.gov

Reminder:

Please remember to submit your monthly volunteer hours to me electronically. Tracking our volunteer hours helps us qualify for grant opportunities!
