

**March 14–20, 2016**

# Fix a Leak Week

EPA WaterSense [www.epa.gov/watersense/fixaleak](http://www.epa.gov/watersense/fixaleak)

**Did you know that 10% of homes have a leak that wastes 90 gallons or more per day?**

Fix a Leak Week is celebrated in March as a time to remind everyone to check their household fixtures and sprinkler systems for leaks.

This year, Arlington Water Utilities and Tarrant Regional Water District have coordinated with Home Depot, a WaterSense Retail Partner, to provide free Fix a Leak Workshops.

## Free Fix a Leak Workshops

**Saturday, March 19, 10 am-12 pm**

10 - 10:40 a.m. ....Repair/Replace Leaking Faucets

10:40 - 11:20 a.m. ....Repair/Replace Leaking Toilets

11:20 am - 12 p.m. .. Repair/Replace Sprinkler Heads

**AVAILABLE AT ALL  
HOME DEPOT STORES  
IN NORTH TEXAS**

This water conservation message is sponsored by your City of Arlington Water Utilities (AWU) Department.

# Non-Flushable Items

The toilet is not a trash can. Many items marketed as disposable or flushable do not degrade like toilet paper. They end up clogging pipes, tangling pumps, and causing messy sewer

backups into streets, businesses, and homes.

## **DO NOT flush:**

- Wipes of any type
- Paper towels
- Pharmaceuticals
- Diapers
- Flushable cleaning cloths
- Toilet bowl scrub pads
- Swiffer products
- Napkins
- Feminine products, condoms or any non-organic material
- Wash cloths, towels, rags, underwear
- Bandages, cotton swabs, or dental floss

## **Please Remember:**

Only flush human waste and toilet paper.

“Flushable Wipes” are a big problem, causing sewer backups in our community. Even if the package says “flushable,” they should NEVER be flushed.

If it can't be reused, recycled or composted, please place it in the garbage.

For additional information, please contact the City of Arlington, Water Resource Services, 817-459-5902.
