

Get a free water- efficient showerhead

When: Oct. 17-28

Where:

**Water Utilities
South Service Center
1100 SW Green Oaks
Blvd.**

**Water Utilities
Customer Service
City Hall,
101 W. Abram St.**

Arlington Water Utilities will be celebrating the EPA's Shower Better Month by giving away free WaterSense labeled water-efficient showerheads on a first-come, first-served basis. Customers must bring in their old showerhead to receive a free replacement. Limit one showerhead per household, while supplies last. High-efficiency showerheads provide a great shower and can help reduce energy and water usage by as much as 20 percent.
